Our curriculum

An ambitious, broad and balanced curriculum is planned and taught in a happy and stimulating environment, in accordance with the National Curriculum requirements. Independent and collaborative skills are encouraged in all year groups and computing is readily used and embedded across the whole curriculum.

It is a priority of the school to ensure that the basic skills of reading, writing, communication and maths are taught not only as separate subjects but as often as possible through a cross-curricular approach.

The curriculum we offer is designed to meet the needs of all our pupils. It is rich, varied, creative and meets the needs of individual learners exceedingly well. Our curriculum has provided the opportunity for a topic-based approach for our foundation subjects.

Our outdoor curriculum provides adventurous learning experiences that offer opportunities for classroom learning to be brought to life. We also enrich our curriculum with educational visits that are linked to topics and bring in subject specialists such as artists, poets, story tellers and STEM practitioners to enthuse and inspire our children.

“Pupils carry out a range of leadership roles such as school councillors, mathematics and art ambassadors confidently, these roles help to develop pupils’ character.”

Special educational needs and disabilities

At OLST we value all pupils. We believe that our pupils with Special Educational Needs and Disabilities (SEND) have an equal right to an education that enables them to develop fully. Through our high quality assess, plan, do & review procedures, we aim to:

- Provide early identification of SEND including access to high quality Speech and Language Support in the Early Years.
- Ensure all children have access to a broad, balanced and ambitious curriculum through quality-first, inclusive teaching.
- Build positive partnerships between school and families as a key role in supporting the child.
- Regularly monitor the progress of pupils and review outcomes.
- Create SEND support plans that are tailored to the child's needs.
- Place the child at the centre of all discussions and decisions.
- Work cooperatively with external agencies including the local authority to ensure a multi-professional approach.
- Constantly develop the learning environment to meet the changing needs of pupils.
- Provide relevant training to staff members supporting pupils with SEND.
- Have effective transition procedures to ensure continuity and support when moving through the school.

Apply for a place at Our Lady & St. Thomas

Starting primary school is a very important time for you and your child and at OLST, we aim to make this a happy experience for everyone. Children can start school in our reception class in the September of the academic year in which they will be five years old.

To gain a place at OLST, you will need to apply through Durham County Council's website. Please click the link for more information or scan the QR code. Alternatively, you can contact the school office.
<https://olst.bhccet.org.uk/information/admissions-policy>

If your child is not already attending our school Nursery, they will be invited to spend some informal sessions with their new teacher and other children from the class in the summer term in order to familiarise themselves with the school environment. An information evening for our new Reception class parents is also held in the summer term.

For mid-year admissions, at other times of the year or for year groups other than Reception, please go through Durham County Council (<https://www.durham.gov.uk/article/2197/Apply-to-change-school-during-the-school-year>). We highly recommend contacting the school in the first instance for a visit.

Nursery Admissions

At OLST, we offer a wonderful nursery setting for three year olds. The nursery is open from 9:00am – 3:00pm (term time only) and can be a mix of both government funded hours and private payment. Please visit our website for more information.
