

School Council – 13.03.20

Focus of the meeting today was to discuss and update on school lunches and talk about planning a Summer event.

The following comments were made about the lunches:

- Everyone said that they were not keen on the rice dish.
- The tuna wraps and the pasta for vegetarians are both very nice.
- Crackers and cheese are very good, not like the other company when they were wrapped up in plastic.
- The garlic bread tastes good.
- Ice cream and the yoghurt and raspberries taste really nice.

The following EBI comments and requests were made:

- Could there be more variety for pudding?

Comments were very positive and it was fabulous that representatives who had recently changed to school meals were so positive.

Festival Day – School Council talked about the possibility of having a special event in the second half of the Summer Term. The following ideas were presented:

- A nature theme – colours and costumes to all be designed around the theme of World Earth Day.
- Everyone could plant seeds in small compostable pots and take these home to grow. We could also design our own living wall.
- Flower Festival Day with lots of music and fun craft activities.
- We could decorate the whole school and have different types of flowers in different areas.
- The Gardeners who come in and work on the flower beds and other areas of the school, could be responsible for planting a wide range of new plant in the school grounds.
- The Festival could start at 13:00 and run until the end of the day.
- It would be important to have eco-friendly activities as well as games and competitions.

School Council were asked to talk with their classes about the idea and then we can all feedback at the next meeting.

***Ms Cooper thanked everyone for their contributions.
The meeting closed at 12:30***
