

Elf Class's Entry Point for their new IPC topic 'My World' and 'Understanding the World'

Tuesday 21st September 2021

Elf class has had a fantastic start to the year! All of the children are working incredibly hard and are producing amazing work. Our new IPC topic is 'My World'. The children will be learning all about the different parts of their life that are important to them and listening to other's experiences as well. In Year 1 they will be focusing on science skills including comparing and sorting different materials. In Reception, the children will be looking at the environment that we are in and discussing the natural world around us. Today was our IPC and Understanding the World Entry Point. The children came in their special clothes and learned what materials their clothes are made out of. After we had a fashion show and the children proudly showed off their outfits. They also created a design of their favourite toy and then made their toy from junk modelling. As you can see from the photographs, they looked wonderful and produced toys that they were all very delighted with!
