

# Things that happened in Gremlin Class this week...

We started our week in Gremlin Class by participating in Anti-Bullying Week. We spoke about what bullying is, and engaged in a circle time about how we can ensure that as a class we are spreading kindness, and making every pupil feel included, celebrated and appreciated.

This week, the children have been working hard in their maths: learning how to double and halve numbers between 1 and 20. In literacy, the children have been re-writing the story of 'Mr Gumpy's Motor Car' and even acted out the beginning, middle and end of the story as a class. The children continue to work hard in their phonics and are displaying enthusiasm and a positive attitude towards reading. They especially love their time spent in the library! This Week in IPC, the children designed and made their own model cars. The children have also been developing their presentation skills, by presenting their work to the class. Finally, in ICT the children have been discovering how to use 2Paint to make their own virtual artwork.
