

# Gremlin Class Update

## Week 3

This week, Gremlin class have been working hard in all aspects of their learning. In literacy, the children have been developing their letter writing skills, and have been using their imagination to write from the perspective of fictional characters. In maths, the children have been learning to tell the time to 'o'clock' and 'half past', in addition to adding on hours and half hours to times on a clock. In IPC, the children have been very excited to learn more about space. They have been using their artistic skills to draw, paint and evaluate the 8 planets. This week, the children played lots of fun games during PE, relating to our core topics: time and space. Well done Gremlin class for getting through another busy week! The children deserve a long rest over the weekend!
