

# Pixie Class

18.11.2020

Back in lockdown for the adults but not us! The children have come back from half term filled with energy and enthusiasm.

All the children feel secure and are motivated to learn.

Our topic this half term is Food. So far, we have looked at vegetables, fruits and on the farm. We are learning about the food we eat. We even made some vegetable soup together, though it was a bit too carroty for my personal taste and most of the children!

In literacy we are continuing with Phase 1 phonics which entails developing our speaking and listening skills, laying the foundations for phase 2 phonics after Christmas, when we begin our letter sounds and early blending.

In Maths, we are continuing to concentrate on number, shapes and size. We are building on the foundations established in the first half term, building the children's interest and interaction with mathematical concepts.

The children are communicating well amongst themselves and with the adults around them. It is always lovely to see the individual children's personalities grow in confidence.

Thank you so much for your support so far this year. It was great to have the opportunity to speak with you all during our Parent Consultations.
