

Unicorn Class have been very busy this week working on our new core text, 'Handa's surprise'. We have been doing lots of descriptive writing and have been learning to use adjectives and similes. As well as writing, we have been doing lots of drama. The children worked together to act out and retell the story of 'Handa's surprise'. They retold each scene, in the correct sequence, using time connectives to order the story and adjectives to describe the characters and different types of fruit.
