

Merpeople Class

Web Update: 26/09/2018

Literacy

In Literacy we have been reading the story "The Emperor's New Clothes". This week we made our very own wooden peg Emperors and Empresses and used them to help us with our descriptive writing! We used lots of adjectives to make our writing exciting and then planned a brand new adventure for them. Some of our ideas included the Emperor's crown being stolen and a dragon trying to eat the Empress!

Maths

In maths, we have been exploring one more, one less and addition. We worked hard to find one more and one less than numbers within 10 using a number line and cubes and we will continue to practice this daily during our maths meetings. We have also been challenging ourselves to turn our part-whole models into addition equations. Have a look at our wonderful maths below!
