

Merpeople Class  
Web Update: 19.03.2019

We have been so busy this half term with World Book Day and Red Nose Day, and trips to Daunt books and the Royal College of Music!

We have been using these exciting events to help us write newspaper reports in Literacy and in Maths, we have been conducting lots of investigations into length and height. We have also been learning how to classify animals in IPC and have been identifying 'herbivores', 'carnivores' and 'omnivores'!
