

# Gnome Class Web Update 5/11/19

In Literacy we have been reading the text 'Iggy Peck Architect' by Andrea Beaty. We explored the rhyme, similes and alliteration used by the author, before using the text as inspiration to create shape poems all about Iggy Peck's most famous buildings.

We then linked this to our learning in IPC and PE by creating buildings and structures in gymnastics! We worked in pairs and teams to balance our bodies in different ways and transform into buildings of all shapes and sizes. It was great fun!
