

Web Update: Gnome Class

11.03.20

We have had a great time over the last few weeks learning about the Great Plague! We have travelled back in time and found out about when it started, how the disease was carried and why it spread so quickly. We learnt that the song 'Ring a Ring o' Roses' was all about the Plague and we reinacted the rhyme ourselves! We also had a great time exploring the life of a plague doctor and worked in teams to design a modern day outfit for them to wear in order to protect themselves from the terrible illness.
