

## Gnome Class Web Update

Wow! What a fantastic term we have had in Gnome Class. This term the children have blown us away with their knowledge and understanding of their IPC Topic: The Plague and The Great Fire of London and have really shone with their enthusiastic and positive attitude towards their learning within this topic. Here are some of the works of art the children created below:

Just keep  
trying, trying,  
trying

The children's strength, resilience and determination over the past few weeks, whilst completing their reading, writing and maths assessments, has not gone unnoticed. They kept on going, despite it being new to them, and should all be very proud of the hard work they have put in!

The children have been enjoying music, where they have been learning their song 'High Low Chicka Low' and also loved participating in 'Robot Week' and creating their own robot!
