## **Gnome Class End of Year Web Update**

We have had a wonderful year in Gnome Class and we are really proud of all our incredible learning!

Here are some of our favourite pieces of work from Year 2!

Even though we haven't been able to go on any trips this year, we have had lots of fun learning outside in lots of different lessons!

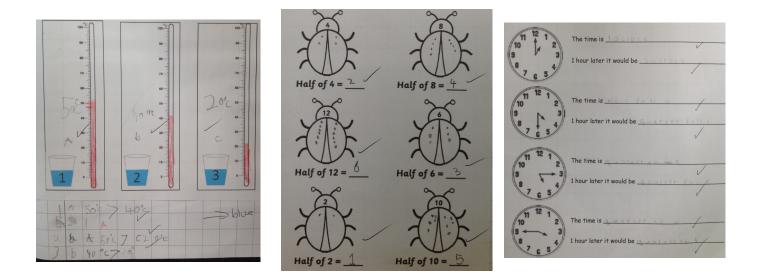

We also recently had a great time taking part in football, hockey, javelin and relay races during Sports Day at the Westway!

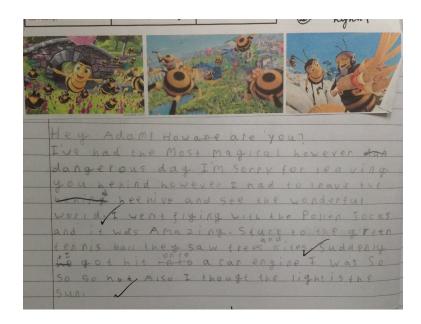

We have made so much progress with our Maths this year. We learnt to tell the time, solve multiplication and division problems, explore capacity, mass and temperature and lots, lots more!

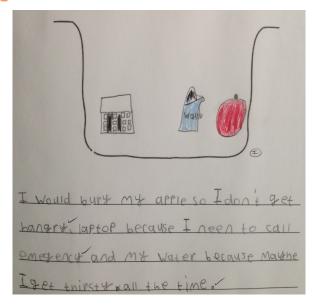

Our Reading and Writing this year has been brilliant and we've all worked really hard to improve our handwriting!

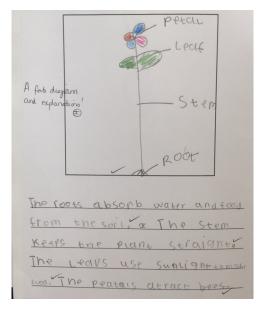

We have used the idea of Growth Mindset to keep pushing ourselves and we've made amazing progress!

James sow in the the side the of the the
Plum there was a hule. The k the hale in the side
of the plum was as sticky as sticky as premum
When bees was frames crawled inside the

He finally lipped throug it. The peach landed
In the total the sea and in the plases they
aredinappicty clushed the aunts in the process " Jumly
Popped the bas head put sond plan he salv the of
anormous Revial total vested, metal cledy.
Colossal Squip. It was also alop alop alop by
13 Woodes clad piranas, the piranas ripped small
chuntes our of the peach plum put the lobsel

We have learned so much from our interesting IPC topics. We've learned about materials, explored the human body, created our own maps, conducted experiments into plant growth, gone on an insect hunt and studied The Great Fire of London!

## We've also enjoyed working creatively during Art and DT lessons in IPC!

Our work on seesaw during lockdown was also brilliant and we are really proud of how hard we worked while at home. Thank you to all our parents and carers for helping us! We have had the most wonderful time in Gnome Class this year. We have worked together, made new friends and pushed ourselves to be resilient, confident and innovative learners.

We are so proud of you all! Have a wonderful holiday and enjoy Year 3!

Keep being amazing!
