

Giant Class Update:

Giant Class have been working really hard over the last few weeks!

In Literacy, we have been reading and watching "Peter Pan" and writing diary entries about his journey to Neverland.

In Maths, we have been learning how to accurately measure length in centimetres using a ruler.

In IPC, we have begun our Geography topic and have had lots of fun making maps! Our home learning projects were amazing and here are some of them:

We would also like to say thank you to the parents/carers that came to watch us in our Diwali Assembly. We are so proud of our singing and loud, clear voices when reading our lines and it was wonderful to see you all there supporting us!
