

Troll Class - End of Year Review

What a year! Trolls have had a great year filled with fun learning opportunities, laughter, friendship and a lot of hard work. We have been on some amazing trips such as Kew Gardens and the Transport Museum which was lots of fun! Trolls have also been swimming every Thursday and have learned so many new skills. They have pushed and challenged themselves every day and should be so proud of what they have achieved.

Enjoy some photos of fun moments from the year!

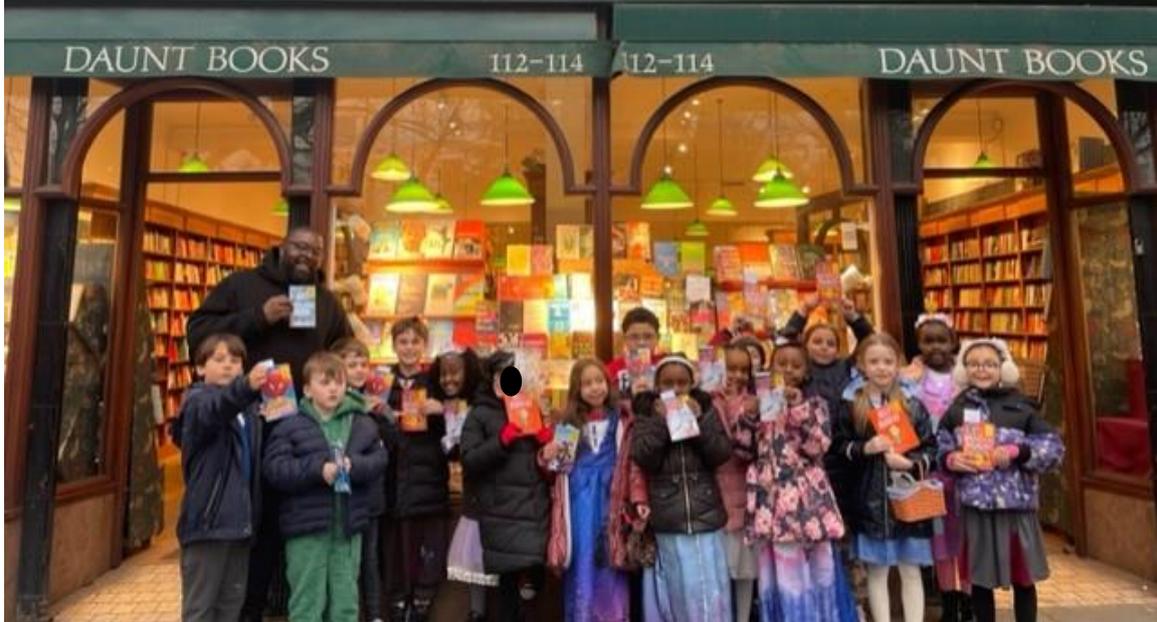

We had lots of fun days out!

By the time Mrs Cooper came to the football pitch to check on everyone she froze and dropped her things things as when she saw what was on the football pitch.

"Hamid! What is that (object) on the football pitch?"

I have no idea," he replied. "I asked everyone what I'm teaching - you know, 7 age but they had no idea or even one thing said."

After I had passed, Tim's class came by for PE and they couldn't believe what they saw. Before Mrs Cooper Marzelle had a chance to speak, news came from inside that thing and some crying.

"Mum, this peach is delicious!" a voice says.

A good person who don't exactly look like a person person, used a knife to cut the peach for a drink.

Everyone ran away and screamed, especially the staff. It wasn't out there were more people in there.

Are these "Aikans!" Mrs Cooper shouted.

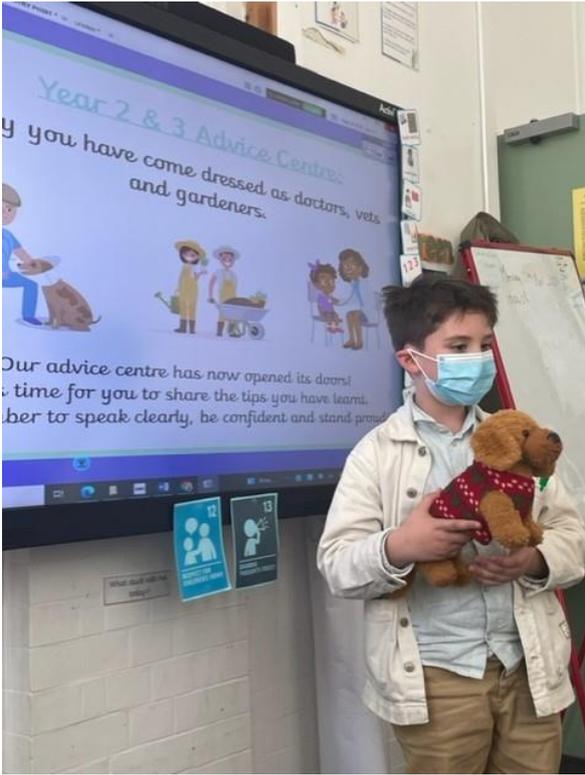

Run for your lives!" Hamid exclaimed.

I can't believe what I just witness (witness) (witness) really in the morning I learned to work like any other day. When I ran through the street I saw adverts all around saying "there is a train coming!" I ran as fast as a flash to a better grown train. My heart felt like it was crushed. I was so scared I was nelly and of breathe.

I was not the only one here who was panicking the whole city of New York was panicking. My heart kept beating and I was so much happy.
