

Troll

Troll class have had a wonderful year and can't believe it's time for the summer holidays already! We have had a brilliant year together and have taken part in lots of fun activities, trips and great learning experiences.

Below is a collection of some of our highlights from the year:

For our topic 'Footprints from the Past' we had the amazing opportunity to go to Natural History Museum!

We were very fortunate to get the chance to visit the London Wetland Centre to explore animals in their habitats.

In our topic Active Planet we learned all about natural disasters such as earthquakes, volcanoes and tsunamis.

We had a fantastic World Book Day and we enjoyed dressing up as our favourite book characters.

For our topic Scavengers and settlers, we worked in small groups to plan and create a shelter using natural resources.

In IPC, we explored and created different forms of arts from different countries.
