

Last week we had our Entry point, we had a great day starting to explore the Romans, whilst dressed up in our amazing costumes! First, we considered what we already knew about 'The Great, the Bold and the Brave' and came up with a wealth of knowledge- even using our new core text for inspiration! We then learnt all about the Roman Army and weaponry, including shield design, did you know they were called scutum? Next, we designed our own shields, before replicating Roman battle manoeuvres. Finally, we wrote persuasive letters to demonstrate our understanding of the skills needed to become a Roman legionary.
