

Year 4/5 web update.

Where has this half term gone? It feels like it has flown by and Dragon, Centaur and Griffin class have been very busy.

This half term, we have been focusing on our Geography skills and learning all about different regions and biomes in different places in the world (most recently South America).

Tomorrow, we are off on a trip to the Science Museum and we are looking forward to learning all sorts about the world of science! Keep an eye out on Instagram for more updates.

During Literacy, we have been writing formal and informal letters, inspired by our class film and text Tintin. We are looking forward to continuing with Tintin's story next half term and seeing what the secrets of The Unicorn Ship might be.

In Maths, we have done a lot of work on shape and Year 4 have been working hard to learn all of their times tables ready for next half term's times table test.

We hope you have a relaxing half term break and we look forward to seeing you for the final part of the school year in June!

Best wishes, Year 4/5 Team.
