

Primary School Reopening Plan

Park Road Community Primary School

School Reopening Plan

Statement

So long as the coronavirus rate (r) remains below 1 and the NHS test-and-trace is in place, the Government are looking at moving to the next phase and reopening schools to all pupils in September 2020.

A Statement from the Department of Education states.

The Government announced on the 2nd July 2020 that in September 2020, all Primary schools in England will be able to welcome back children in every year group (Reception through to Year 6)

The plan is for primary children, who are currently being taught in 'protective bubbles' (of a maximum of 15) to now be allowed to be taught by a single teacher in the usual class size. . Social distancing has been the key stumbling block to getting all children back in to school, however this will now be lifted and therefore we are no longer dependent on social distancing. The aim now is to reduce the number of transmission points by minimising contact.

The transmission rate has gradually decreased and the aim is that by September 2020 it will be safe for all children and young people to return to education and childcare. As a result, the Government is asking schools and childcare providers to plan on this basis.

The information within this document has been collated from several Government and Public Health publications www.gov.uk/coronavirus.

If you require any further information or wish us to attend your school to discuss any issues you may have, please do not hesitate to contact us on 0800 6128162

We are all in this together, Stay Safe

The purpose of this document

This document is designed to allow Park Road Community Primary School with the planning, managing and implementing, of the next of the Government's plans, to reopen schools in September 2020 safely.

Schooling bracket.

Childcare and Nursery Setting:	Phase 2: To begin welcoming back all children
	Phase 3: To provide a place for all children in September 2020
Primary School:	Phase 2: Nursery, Reception, Year 1 and Year 6 children
	Phase 3: To provide a place for all Year Group children in September 2020

How we will achieve this:

Resources. ALL ACTIONS TO BE COMPLETED APPENDIX ONE	<ol style="list-style-type: none"> 1. The Return to Work pre-questionnaire will be completed by all staff who have been absent from work, if not already actioned 2. Up on receipt of the pre-questionnaire the Head Teacher and SLT will ascertain which staff are able to return to work in September 2020 and in what capacity. 3. Staff with underlying health conditions <i>who have been instructed by medical professionals to remain shielding</i> or classed as being at a very high risk of severe illness from coronavirus should continue to work from home. 4. Staff with underlying health conditions who have been classed as being at high risk of severe illness and who have been advised to work from home by medical professionals should continue to do so if they can. Staff who cannot work from home should take extra care in meeting with the current guidelines. Extra protective measures may need to be put in place by the school. Example: temporary change in job role. 5. Pregnant Staff may come back to work so long as an Expectant Mothers Risk Assessment is carried out and appropriate mitigation is in place prior to returning.
Child, Pupils, eligibility ALL ACTIONS TO BE COMPLETED	<p>All children eligible to return in September will be told to do so.</p> <ol style="list-style-type: none"> 1. Communication with the child's parent/carer will be made to inform them it is a requirement for their child to return to school as of 7th September 2020. (unless there are exceptional circumstances) 2. Numbers of pupils per year group will be collated by ascertaining current pupils registered at school (for the term commencing September 2020). 3. Classrooms will return to normal capacity and will be referenced as class year groups. 4. Each class year group will be made up of the usual class from the same year group and will remain in that class year group for the foreseeable future. This is to minimise the number of other people they will come into contact with. Children will be taught in the same class year group with the same teacher for the majority of the time, other than any additional staff

	<p>necessary for educational purposes i.e. PPA, catch up, small group interventions and will remain within that class year group for the duration of the school day ensuring contact with other class year groups is minimised.</p> <p>5. Where a pupil is unable to attend school because they are clinically vulnerable or are following public health advice, remote education will be offered</p>
Classroom / PODS	<p>We have identified bringing back Foundation, Years 1 to Year 6 will require 7 individual class year groups based on a single form entry. The school will stagger start and finish times where possible. We will avoid pupils moving from one class year group to another and ensure where possible pupils do not need to move through another class year group to get to the toilet. Movement along corridors will therefore be very limited and will mostly be by staff. Children will eat in the dining hall on a rota basis. This will be subject to review and we will monitor cleaning times throughout lunch to determine feasibility of lunch being taken in the Dining Hall for all pupils. Staff will where possible maintain social distancing with other staff and pupils.</p> <p>Foundation Class: Staff members Mrs Jenkins will meet with children at the KS1 external entrance gate and walk down the path directly into the year group's classroom via the external classroom doors of this classroom each morning at 8.30 am and return the pupil to the parent at 3.00 pm. Ms Balmer will greet the children as they enter the classroom. Reception Class will have their own entrance and toilet and will not pass into any other classrooms to reduce unnecessary movement around the building. Lunch will be provided in the classroom or in the Dining Hall on a week on/week off basis. The Dining Hall and/or classroom will be cleaned and disinfected after each use. The same staff members where possible will teach in this class for the foreseeable future, other than when necessary to ensure quality and continuity of education i.e. PPA.</p> <p>Year 1: Staff members Ms Akinyemi will meet with children at the KS1 external entrance gate and walk down the path into the year group classroom via the external classroom door each morning at 8.45am and return the pupil to the parent at 3.15pm. Ms Dell will greet them as they enter the classroom. Year 1 Class will have their own entrance and toilet and will not pass in to any other year group classrooms to reduce unnecessary movement around the building. Lunch will be provided in the classroom or in the Dining Hall on a week on/week off basis. The Dining Hall and/or classroom will be cleaned and disinfected after each use. The same staff members will teach in this class where possible for the foreseeable future.</p> <p>Year 2: Staff members Mrs Quigley will meet with children at the KS1 external entrance gate and walk down the path directly into the year group classroom via the external classroom doors each morning at 9.00am and return the pupil to the parent at 3.30pm.</p>

Mrs Wilkinson will greet the children as they enter the classroom. Year 2 Class will have their own entrance and toilet and will not pass in to any other year group classrooms to reduce unnecessary movement around the building. Lunch will be provided in the classroom or in the Dining Hall on a week on/week off basis. The Dining Hall and/or classroom will be cleaned and disinfected after each use. The same staff members will teach in this class where possible for the foreseeable future.

Year 3: Staff members Ms Robertson and Mr Capper will meet with children at the entrance of the year group classroom each morning at 8.45am and return the pupil to the parent at 3.15pm. The children in this year group classroom will enter the school building via the main school entrance via a one way system directly through the car park, greeted by Ms Robertson. The children will enter the building and straight into the classroom directly opposite the Main entrance Reception area. Mr Capper will greet them as they enter the classroom. Year 3 Class will have their own entrance and toilet (shared with Y4 year group class, allocated time slots) and will not pass in to any other year group classrooms to reduce unnecessary movement around the building. Lunch will be provided in the classroom or in the Dining Hall on a week on/week off basis.. The Dining Hall and/or classroom will be cleaned and disinfected after each use. The same staff members will teach in this class where possible for the foreseeable future.

Year 4: Staff members Mrs Elstob or Mrs Callaghan (job share teachers) will meet with children at the KS2 external gate entrance and directly down the path into the year group classroom via the external classroom doors each morning at 9.00am and return the pupil to the parent at 3.30pm. Mrs Bradshaw will greet the children as they enter the classroom. Year 4 Class will have their own entrance and POD toilet (shared with Y3 year group, allocated time slots) and will not pass in to any other year group classrooms to reduce unnecessary movement around the building. Lunch will be provided in the classroom or in the Dining Hall on a week on/week off basis. The Dining Hall and/or classroom will be cleaned and disinfected after each use. The same staff members will teach in this class where possible for the foreseeable future.

Year 5: Staff members: Ms Mills will meet with children at the KS2 external gate entrance and the children will walk down the path directly into the external classroom door into the year group classroom each morning at 8.45am and return the pupil to the parent at 3.15pm. Mrs Robinson will greet the children as they enter the classroom. Year 5 Class will have their own entrance and POD toilet (shared with Y6 year group, allocated time slots) and will not pass in to any other PODS to reduce unnecessary movement around the building. Lunch will be provided in the classroom or in the Dining Hall, on a week on/week off basis. The

	<p>Dining Hall and/or classroom will be cleaned and disinfected after each use. The same staff members will teach in this class where possible for the foreseeable future.</p> <p>Year 6: Staff members Mrs Anderson will meet with children at the KS2 external gate entrance and they will walk down the path and into the classroom via the external classroom door of the year group classroom each morning at 8.30 am and return the pupil to the parent at 3.00 pm. Mrs Jerram will greet the children as they enter the classroom. Year 6 Class will have their own entrance and POD toilet (shared with Y6 class, allocated time slots) and will not pass in to any other year group classrooms to reduce unnecessary movement around the building. Lunch will be provided in the classroom or in the Dining Hall on a week on/week off basis. The Dining Hall and/or classroom will be cleaned and disinfected after each use. The same staff members will teach in this class for where possible the foreseeable future.</p>
Do the Maths	<p>Using all the information we have collated so far together with the maximum pupil numbers a plan has been put together of where each POD will be located in the school.</p> <p>As of September 2020, based on the staffing levels and building survey findings it will be possible to maintain a maximum of 7 year group classes across school. This allows for a maximum of 210 pupils to attend. Based on the current guidance received, assessment of risk and lifting of social distancing restrictions, detailed consideration has been given to the manageability of this on site (incorporating entry and exit points for staff and pupils, segregation of staff, minimising contact, maximising resources and developing increased cleaning regimes throughout the school day). Year group classes will be established in a specific order and only when safe to do so.??</p>
Classroom/learning area layout	<p>Each child will be allocated their own desk (forward facing only), pencils, textbooks, etc (to avoid sharing equipment). Other equipment can be shared within each class group. This must be thoroughly cleaned with disinfectant after each use.</p> <p>Each child will be provided with a designated chair and desk each day. If groupings need to be changed for learning requirements, chairs and desks will be thoroughly cleaned with antiseptic wipes and disinfectant spray. They will each be allocated equipment for their sole use. IPADS and other devices will be cleaned after each use with cleaning supplies provided in class year group classrooms's i.e. sanitising wipes etc. Books and games etc can be shared between a class year group however they will be cleaned more regularly. Equipment should remain in the year group's classroom. If removed from the classroom it will be deep cleaned. Breaks will be staggered at different times and where possible taken in different areas. Two year group classes will have playtime at the same time on the playground, in allocated zones, if the grassed areas are too wet to use. All playground areas will be</p>

zoned for each class year group and playtimes staggered. (see appendix)

Removal of unnecessary furniture will allow for greater social distancing i.e. between staff and pupils then this will be considered. Children will remain in their class year group classroom and not visit other classrooms. Staff will also remain in their year group classroom and not visit other classrooms unless it is essential to do so. A means of communicating between each year group classroom and the school office will be implemented using school's walkie talkies or telephone to reduce movement around the school. Essential learning resources may be taken home but will be cleaned before and after leaving the classroom. We have decided where each year group classroom is going to be located and have arranged them as follows:

Reception Year group class – Entrance at external Reception Door, use of Reception toilets and Reception classroom. Class year group will be for the usual class size, with the correct staffing ratio. Fabric and soft toys have been removed as they are hard to clean and therefore not recommended. Reception stage children may benefit from being in small consistent groups as they may not have the ability to socially distance.

Year 1 year group class - Entrance at Year 1 external Classroom door, use of Year 1 toilets and Year 1 classroom. Class year group will be for the usual class size with the correct staffing ratio. Teaching space marked out within classroom to allow staff to socially distance where possible.

Year 2 class year group - Entrance at external Year 2 Classroom door, use of Year 2 toilets and Year 2 classroom. Class year group will be the usual class size with correct staffing ratio. Teaching space marked out within classroom to allow staff to socially distance where possible.

Year 3 class year group - Entrance at external Year 3 Classroom door, use of Year 3 toilets and Year 3 classroom. Class year group will be for the usual class size with correct staffing ratio. Teaching space marked out within classroom to allow staff to socially distance where possible.

Year 4 Class year group - Entrance at external Year 4 Classroom door, use of Year 1 toilets and Year 1 classroom. Class year group will be for usual class size with correct staffing ratio. Teaching space marked out within classroom to allow staff to socially distance where possible.

Year 5 class year group - Entrance at external Year 5 Classroom door, use of Year 5 toilets and Year 5 classroom. Class year group will be for the usual class size with correct staffing ratio. Teaching space marked out within classroom to allow staff to socially distance where possible.

	<p>Year 6 class year group - Entrance at external Year 6 Classroom door, use of Year 6 toilets and Year 6 classroom. Class year group will be for the usual class size with correct staffing ratio. Teaching space marked out within classroom to allow staff to socially distance where possible.</p> <p>When a single year group class toilet block cannot be provided we will limit the toilet block to a maximum number of class year groups.</p> <p>Physical Education: Where possible this will take place outside for individual year group classes. In the event of this not being possible the Main Hall will be used with a deep clean after each use, using sprayers of diluted disinfectant. Equipment will also be cleaned after each use.</p>
--	---

<p>Early Years age 0 to 5</p> <p>ALL REQUIREMENTS WILL BE IN PLACE BASED ON CURRENT AVAILABLE STAFFING AVAILABILITY</p>	<ul style="list-style-type: none"> • The School will maintain normal EYFS ratios, exceptions can be made to the qualification that the staff hold in order to be counted in the ratio. However, we will use reasonable endeavours to ensure that at least half of the staff hold at least a full and relevant Level 2 qualification. • At least one member of staff must hold at least a full and relevant Level 3 qualification • Although small consistent groups are not required we will look to separate groups into smaller numbers where possible. <p>Paediatric First Aid (PFA)</p> <ul style="list-style-type: none"> • The requirements for at least one person who has a full paediatric first aid (PFA) certificate to be on the premises at all times when children are present remains in place where the children are below 24 months will be met. • Establishments with children aged 2yrs to 5yrs within a setting must use their “best endeavours” to ensure one person with a full PFA certificate is on site when children are present will be met. 5 TAs including one in each EYFS/KS1 class, one in LKS2 and one in UKS2 are all fully PFA trained. • If the school is unable to secure a member of staff with a full PFA we will carry out a risk assessment and ensure that someone with a current First Aid at Work or Emergency Paediatric First Aid certification is on site at all times.
---	---

If Park Road Primary cannot achieve these Class Year Groups at any time, we will discuss options with our local authority or trust. This might be because we do not have enough available teachers or staff to supervise the groups. Solutions might involve agency staff as this has been deemed to meet with current guidance.

How we implemented the protective measures

<p>Risk Assessments</p>	<ul style="list-style-type: none"> • COVID School Reopening Risk Assessment • Teaching and Teaching Assistant Staff (COVID) RA
-------------------------	--

- Site Manager/Caretaker (COVID) RA
- Cleaning Staff (COVID) RA
- Office and Receptionist RA
- Vulnerable Staff Member RA
- All Contractor COVID RA's

Organising our PODS

Refreshing the school timetable

- We will decide which lessons or activities will be delivered. School has implemented a clear curriculum strategy, adapted from the current school curriculum.

Teachers will continue to plan in the manner that was undertaken prior to the lockdown period whilst adhering to current guidance. We are aware of the importance of pastoral support for pupils and have planned in daily opportunities for children to talk about how they are feeling to enable staff to intervene where necessary.

- We will consider which lessons or classroom activities could take place outdoors. All Class Year groups will have their own allocated outdoor space as the site easily allows for this. It will be at the discretion of the teacher to manage the use of this time but a good proportion of learning could be outside if possible. Use of outdoor equipment should follow the same principles set out for individual and Class year groups use with regular cleaning in place after each class year group's use.
- We will use the timetable and other learning environments to reduce movement around the school.

The layout of the school building allows for good segregation between class year groups. The use of individual classroom entrance and exit points in the building supports segregation. In the event of class year groups needing to share entrance and exit points this will be managed through good communication, staggering with timetables when required and enhanced cleaning. Assembly sessions will take place remotely via Google Meet.

- Break times (including lunch) will be staggered, so that all children are not moving around the school at the same time. Lunch will be taken in classroom spaces or in the Dining Hall. The areas on site will be timetabled and space designated to each class year group. Lunchtime will be staggered between class year groups (EYFS, Y1, Y2, Y3, Y4, Y5 and Y6). If the Dining Hall is used instead of the class year group's classroom, all tables, chairs and equipment will be disinfected after each use.

- We will stagger drop-off and collection times where possible. Onsite provision will run from 8.30 am-3.00 pm for Reception Year group class.

Y1-Y6 Provision will run between 8.30am- 3.30pm

- Parents' drop-off and pick-up protocols will minimise adult to adult contact

We have 3 entrance and exit points onto site that will allow year group class to be segregated on arrival and leaving. Reception and KS1 year group classes will use the KS1 building side external entrance gates and Y4 –Y6 will use the KS2 building side external entrance gate and Y3 will use the main school entrance. This will be mirrored for collection.

All children will use gates (which will be staffed). Parents will drop children at the gate and the children will go straight to their year group classrooms. Pick up protocols will be in place that parents will wait at designated points at external entrance gates/door and follow a one-way system to leave the school grounds. .

One member of year group class STAFF plus SLT, ADMIN and Site Manager will be outside to support this daily.

- We have considered how children and staff arrive at the school / childcare setting, and how to reduce any unnecessary travel on coaches, buses or public transport where possible. We will ask parents and staff to avoid public transport if possible and drive, walk or cycle to the school. We will ensure via communication; parents are aware of the recommendations set out in the Coronavirus (COVID-19): safer travel guidance for passengers when planning their travel. We will continue to advise children and young people to wash their hands for 20 seconds prior to getting on the bus and after getting off. If they do not have access to washing facilities advise them to use hand sanitiser. The School does not provide transport to children and we will not be using transport for the foreseeable future unless a risk assessment is previously completed.
- Pupils and staff must wash their hands immediately on arrival and dispose of temporary face coverings in a covered bin or place reusable face coverings in a plastic bag they can take home with them, and then wash their hands again before heading to their classroom.

When open:

- The Head Teacher will have non-teaching responsibility and will assume responsibility for the safe running of the school. The Head Teacher will be based in the Head Teachers Office. A culture of vigilance around the safety of staff and pupils will be modelled, monitored, and implemented at all times. All staff will review and evaluate the effectiveness of our systems in place daily. Our risk assessment will be fluid throughout.
- A member of SLT, a designated safeguarding officer, appropriate first aiders AND fire marshals will be on site at all times. If any staffing issues arise, we will contact the Trust / LA along with Compliance Education for further support and guidance.
- Children will be allocated in Class Year Groups and will remain within these groups throughout the day
- Staff will remain consistent within the Class Year group and 2 staff members will be available in each class throughout the day as far as staffing allows.
- Seating plans will be completed.. Children will remain in the same place on a daily basis as far as possible, but where learning necessitates moving desks spaces, the desk and

chairs will be thoroughly cleaned using wipes and spray. Seating will be set up to allow for minimal contact between staff and pupils.

- Class Year Groups will remain in the same outdoor and classroom space allocated.

Communicating

Communicating our plans to staff

- Park Road Primary will deliver the PowerPoint Presentation to all staff before fully opening and explain/provide plans to manage the situation safely. All staff will have further individual conversations with SLT during the Inset days on September 3rd and 4th to discuss any issues. Documentation is shared throughout, and an agreed period of consultation will be in place during week commencing 31/8.
- Staff will be requested to sign to indicate they have read and understood the documents provided when required and based on any updates.
- If any staff or students feel anxious regarding returning to school appropriate communication will take place to ensure they understand the robust procedures that will be in place to safeguard their welfare.

Plans for Visitors, Parents/carers and Young People

- A poster stating that all visitors, children, parents, contractors displaying any symptoms of coronavirus are not allowed on school grounds is in place. Reminders will be provided by staff on gate duty. Only essential work and meetings will take place on site.
- All Parents, visitors and Contractors will not be allowed on site without a pre-arranged appointment.
- The school site will be locked throughout the day. Any additional access will need to be approved by the Head Teacher
- Where visits can happen outside of school hours, they should.
- A record should be kept of all visitors to the school.
- Parents are asked to restrict the number of people accompanying the child to school to one adult and this will be communicated in literature to parents.
- Parents and young people will be allocated a drop off and collection gate and time. Individual information will be provided to parents based on the Class Year group their child is part of. This will be updated as required. Parents will be asked to refrain from gatherings of large groups outside with other parents.

Letters and phone calls to parents to ensure full understanding of measures in place will be completed week beginning 13/7. Systems will be trialled in principle. SLT will make further adjustments as necessary. We feel confident and secure in the system we have put in place.

Cleaning, Hygiene and Protection

Documentation

- Cleaning Staff Risk Assessments

	<ul style="list-style-type: none"> • COVID School DOCS • PPE Guide and How to Put on and Remove it • MSDS and COSHH Risk Assessments for the cleaning products used.
Hand washing facilities	<ul style="list-style-type: none"> • Hand sanitiser stations and loose bottles will be available in every classroom and at key points where hand washing is limited. All Toilets have hand washing facilities with soap and hot water available. • Each Year group class will be allocated a designated toilet and handwashing station which is located as close to their classroom as possible however year group classes can mix toilets if this is not possible. No toilets will be shared by more than two classes. All toilets have been allocated on this basis. EYFS/KS1 year group classes have own, dedicated toilets within the classroom. If toilets are to be mixed by year group classes, cleaning regimes will be further enhanced and allocated times for each class year group's use will be in place. • Staff and children will frequently wash their hands with soap and water for 20 seconds and dry them thoroughly with a paper towel. Staff and children are required to wash their hands on every entry to their classroom. Sinks are allocated to pupils to reduce cross contamination. POD staff will supervise as far as possible to ensure good practise. • Hands must be washed on arrival at the school, before and after eating, after using the toilet and after sneezing or coughing. Handwashing is timetabled into the daily timetable If a child uses the toilet, they will be required to wash their hands. • Staff and children will be encouraged not to touch their mouth, eyes or nose. • "Catch it, bin it, kill it" is encouraged We will actively teach hygiene through our curriculum. The first lesson on the first day that children return will be dedicated to this. This will be repeated daily and form part of the daily procedures in every year group class. We ask our parents to teach this at home and send out resources via parent app to support it. Pedal lidded bins are available within every year group classroom and at key points around school in all used areas. • Help is available to all children and young people who have trouble washing their hands. EYFS/KS1 staff will monitor children and support if necessary. We will actively teach, through songs, circles times and model hand washing. • Where general hand washing facilities are not available hand sanitiser is provided. NOTE: overuse of hand sanitiser can lead to skin irritation and/or blistering. Therefore, it should only be used in areas where hand washing facilities cannot be provided. Hand washing and hand sanitiser is available to all staff.
Toilets	<ul style="list-style-type: none"> • Each Year group class has been be allocated a designated toilet and handwashing station which is located as close to their

	<p>classroom as possible. If toilets are to be mixed by classes, cleaning regimes will be further enhanced. A LOG will be in every shared toilet and all cleaning recorded.</p> <ul style="list-style-type: none"> • The number of children going to the toilet at any one time will be monitored and managed. Regular toilet breaks are encouraged and should occur directly before children go outside at any point. • All surfaces that staff and children touch throughout the day. Example: backs of chairs, door handles, sinks, toilet, bannisters will be cleaned regularly throughout the day. Cleaning products will be available in every year group classroom and checked and replenished daily when end of day cleaning takes place, should they wish to clean surfaces such as the back of chairs, door handles, sinks etc before they use them. There will be increased cleaning throughout the day by cleaning staff. Toilets will also be cleaned at regular intervals.
--	--

<p>Adjustments to the ways we deal with young people to prevent face-to-face contact</p>	<ul style="list-style-type: none"> • The virus affects the respiratory system so we need to minimise our direct face-to-face contact with others. • When changing nappies/pad or dealing with cuts and grazes it will be good practise to have the child side on to yourself. • Where possible stand behind children when picking them up or directing them back to their desk. Teachers do not need to bend down to children’s height to provide feedback to children. When administering first aid or dealing with toileting accidents staff have been asked to stand to the side and avoid face to face conversations. PPE will be provided for both situations if required. • From the 1st August staff who received a letter advising them to shield can now return to work as long as they maintain social distancing. We will endeavour to allow these staff to work remotely where possible or in a role within the school where social distancing is possible. This applies to pregnant members of staff.
--	---

Reducing the risk of children mixing with other children outside their own PODS.

<p>To prevent the risk of an outbreak we are attempting to formulate a mini “household” within school “POD” (Place of Duty)</p>	<p>All Year group classes will enter directly into their classroom, other than Y3 who will be the only year group class who enter via the main school entrance which leads directly into the year group’s classroom, a very short walk across the corridor. Each year group class will enter school on a staggered basis, managed by their class’s staff.</p> <p>Collection points will follow a one-way system as much as possible.</p> <ul style="list-style-type: none"> • We have considered a one-way circulation to keep groups apart as they move through the building. Groups will not be moving through the building at the same times.
---	---

	<ul style="list-style-type: none"> • Staggered breaks are in place to ensure that corridors or circulation routes used have a limited number of pupils using them at any one time. • Staggered lunch breaks when using Dining Hall. The dining hall will be used on a rota basis, with half the year group classes using one week, half the next. Children and young people will clean their hands in the classroom designated toilet/handwash area beforehand and enter in the class year group. Groups will be kept apart as much as possible and tables/chairs/equipment will be cleaned between each group. If such measures are found to not be possible, or during the weeks children are 'off rota', children will be brought their lunch in their classroom. Children will only eat lunch in either their allocated classroom or outdoor space or in the Dining Hall. If using the classroom - Lunches will be delivered to the entrance of each classroom by an allocated member of the kitchen staff. Children that bring their own packed lunch will store it under their table, in a designated trolley or box which will be stored just outside the classroom. <p>Wet break- children will remain in their year group classroom with year group staff in supervision. This will be done on a rota basis by the two staff members in each class, thus allowing for staff comfort break. A film or other source of broadcast will be available for children to watch from their own individual seats.</p> <ul style="list-style-type: none"> • We will ensure that toilets do not become crowded by limiting the number of children or young people who use the toilet facilities at any one time. Noting that some children and young people will need additional support to follow these measures (for example, routes round school marked in braille or with other meaningful symbols, and social stories to support them in understanding how to follow rules). <p>Children with EHCP 1:1 support/behaviour needs who are in attendance will have individual risk assessments completed. PEEPS will be considered and reviewed on an individual basis if required.</p>
Outside Space	<ul style="list-style-type: none"> • Staggering lunch breaks - children and young people will wash their hands before using outside space and after using the outside space. Children will have staggered lunch breaks and only be permitted to play in their outdoor year group class's space. These spaces are strategically placed maximising the available space around the school, so year group classes of children do not mix. • Toilet breaks will be completed prior to any outside activity • Noting that some children and young people will need additional support to follow these measures (for example, routes round school marked in braille or with other meaningful symbols, and social stories to support them in understanding how to follow rules)

For shared rooms example hall	<ul style="list-style-type: none"> Enhanced cleaning should be applied to external equipment. Use of halls, dining areas and internal and external sports facilities for lunch and exercise will be for individual Year group classes with a deep clean afterwards. We have staggered the use of staff rooms and offices to limit occupancy. Staff have allocated spaces for breaks and lunch time. This will be staggered in line with the individual year group class. See appendix.
Reducing the use of shared resources	<ul style="list-style-type: none"> Where possible staff and children should NOT share resources. All children will have their own set of resources, that are kept in a tray, on their table, overnight. Teachers will use digital support i.e. via SeeSaw, PowerPoint, use of Interactive Smart Screen etc that can be shared from the front of the class and avoid photocopying. Individual work books should be used where possible and stored in each child's individual tray. All resources should remain in school to prevent cross contamination. We will limit the amount of equipment pupils bring into school each day, to essentials such as lunch boxes, hats, coats. School Book Bags only are allowed to be brought into school but should remain within their year group classroom, in individual trays. Pupils and teachers can take books and other shared resources home, although unnecessary sharing will be avoided and cleaning of equipment will be undertaken regularly. Practical lessons can go ahead. However, all equipment and each classroom must be cleaned thoroughly before they are used by children from another class year group. Each class year group will have its own PE and play equipment or a deep clean will be provided. Children will need to bring their own water bottle into school. This will be left in school and cleaned and filled daily with fresh drinking water by the class year group staff. These will be returned home at the end of school each Friday, to be deep cleaned, and returned to school the following Monday. This will be communicated with parents clearly.

Adjustments to Transport where necessary

	<ul style="list-style-type: none"> We will be encouraging parents and children and young people to walk or cycle to school where possible. Bikes to be stored outside inside perimeter fence by KS2 entrance gate for KS2 classes, in bike rack by KS1 entrance gate for EYFS/KS1. Schools, parents and young people will be encouraged to follow the government guidance on how to travel safely, when planning their travel, particularly if public transport is required We will make sure our school transport providers do not work if they or a member of their household are displaying any symptoms of coronavirus We will make sure our school transport providers, as far as possible following hygiene rules.
--	---

	<ul style="list-style-type: none"> We will work with transport providers to ensure where possible pupils are grouped in their classes..
Testing	
<p>Staff, pupils are eligible for testing</p>	<p>Staff and pupils in all schools will be eligible for testing if they become ill with coronavirus symptoms, as will members of their households. A negative test will enable children to get back to childcare or school, and their parents to get back to work. A positive test will ensure rapid action to protect their classmates and staff in their setting.</p> <ul style="list-style-type: none"> We have ascertained the location of our nearest test centre to our setting which is Haydock Park. Staff and parents are instructed to keep the school up to speed on their or their child's illness and condition. Depending on the result of the test Public Health England may need to be informed. All staff should download the NHS tracing app and familiarise themselves with the procedural arrangements for the test and trace process. The school will engage with the NHS Test and Trace process. Public Health England may instruct that all staff and children who have been in close contact with the infected individual self-isolate for 14 days. So, each setting needs to prepare for this. Communication letters, work packs to support the children who now need to self-isolate, Deep Cleaning of the POD and all communal areas will be provided. It will be communicated to staff, parents and carers that they will need to book a test if they are symptomatic or a small number of testing kits may be available for the school to supply. Staff and pupils must not come into the school if they have symptoms and must be sent home to self-isolate if they develop them in school. School will ask parents and staff to inform them immediately of the results of any test: if they tests negative, feel well and no longer have symptoms they can return to school.
<p>Systems for isolating children that display symptoms</p>	<p>An Isolation room has been identified to all staff. PPE equipment will be used if staff have to support the child. PPE will be stored in grab bags in each classroom and every used space. The staff member will try socially distance when dealing with a child displaying symptoms. The door will be closed and ventilation available through opening of all windows. Parents will be contacted immediately and told to come and collect their child. Parents will be encouraged to get a test carried out for their child and to inform school immediately upon receiving results. School will continue to check with parents following a child being sent home. If a case is confirmed, the POD the child belonged to will all go into self-isolation for a period of 14 days (or as stated in the government guidelines).</p>
<p>Intimate care and first aid</p>	<p>PPE will be provided for all first aid and intimate care if the situation</p>

	requires. Staff will receive information for use of PPE correctly
Break time and lunch times for staff	Staff will get a morning break (15mins) covered by each other within the class. Staff will also have their usual lunch break during lunch time, when each class will be supervised by an allocated MDA.
Teachers travel	Teachers will be encouraged to travel on their own by car. If this is not possible, staff will be encouraged to walk or cycle to school. For any staff who cannot do either of the above, we will recommend that staff use a taxi service before public transport. If public transport is the only option for staff, we will ensure staff are clear on the government guidelines regarding safe use of public transport in response to COVID 19. We will survey all staff to ensure we are aware of any staff members using public transport.
Training for staff before opening	Training will be provided for all staff to ensure they understand, and can enforce, the new routines and support pupils in understanding them. We are also factoring in time to ensure staff are familiar with revised physical arrangements before opening to more significant numbers of pupils. Training could include: remote staff meetings; comprehensive staff information documents, with time given for staff to analyse and ask questions or individual socially distanced meetings.
Staff working in close proximity to children	Children that require additional support due to SEN needs will be individually risk assessed Staff working closely with children to approach them from the side and avoid front facing conversation.
Staff wellbeing/Staff workload	Workload and wellbeing of staff will be central to the decision making process of any changes to arrangements. SLT wellbeing and workload will also be considered. Safeguarding calls will be completed by SLT/ADMIM whenever possible
Fire arrangements (HT)	Updated Fire evacuation procedures are maintained from the year group classes bases- Drills will be in place to support children who may be in a teaching area different to their usual space. Staff must use evacuation guide for the they are working in. In the case of a fire alarm, doors should be closed on route out of the school. Staff should not enter further into the school to close doors.
Behaviour annex (HT)	The behaviour policy has been updated
Attendance	The attendance policy and procedures has been updated and is in in line with government guidance
Teaching outside year group	N/A Support will be provided for staff who are working within a group or room outside of a class year group. Leaders will offer support and guidance as required. Teachers will be given ample time to plan in advance, alongside other members of staff. Staff working remotely will also provide planning support. Planning support will be provided by Maths, English and Curriculum lead regarding coverage. Daily check ins with SLT will ensure staff are well supported in other year groups.
Ventilation	All teaching spaces have windows and double doors leading

	<p>directly outside. Year group class staff will be directed to keep all windows and doors open throughout the day, as much as possible.</p> <p>Any unventilated spaces used across school as a last resort will be by staff on an individual basis only.</p> <p>Centralised ventilations systems that removes and circulates air to different rooms will be isolated however air conditioning serving direct rooms remain in operation.</p>
Communication	<p>Staff are asked to ensure they follow procedures for using their individual walkie talkie daily and to ensure they check this is working following the school's procedures. This will be school's main method of communication. Staff can keep their mobile phone on them but only take calls from SLT members or the school office</p> <p>They are allowed to use this to contact SLT/admin as needed.</p>

APPENDIX ONE:

PREPARATION

STAFFING:

The return to work survey has been completed by all staff **who have been absent until this point.** Responses have been collated and reviewed by the Head Teacher and HR advice has been taken. Individual staff members have been contacted (week beginning **31/8**) by the Head Teacher to discuss and issues raised and complete any appropriate PEEP and/or risk assessment documents:

ROLE	AVAILABILITY	NOTES
Head Teacher	Full time	
TEACHING STAFF- FULL TIME	Mrs Jenkins F/T Ms Akinyemi, F/T Mrs Quigley, F/T Ms Mills, F/T	
PART TIME	Mrs Anderson, 0.8fte Mrs Oakes 0.4fte Mrs Elstob 0.6fte Mrs Callaghan 0.4fte

	<i>Mr Capper 15 hours</i>	
ADMIN STAFF	<i>Mrs Hirst Mrs Dale Mrs Brennan</i>	
SITE STAFF	<i>Mr Finch</i>	
MIDDAY STAFF	<i>Ms Baker Mrs Mitchinson Mrs Carter Mrs Iqbal Mrs Parry Ms Taylor</i>	
KITCHEN CATERING TEAM	<i>Mrs Cooke Mrs Sockett Mrs Tinnion</i>	
CLEANING TEAM	<i>Ms Taylor Ms Parker</i>	

The staffing available would indicate that provision of 7 year group classes will be possible across school. Any further Year group class provision would need to be provided by additional staff that would require additional spending from Park Road Primary School.

We have active arrangements in place to monitor our controls are effective, working as planned and have access to competent advice. In the event of a local or national 'spike' we will revert to our Phase 2 or Phase 1 Plans after taking further Government guidance.
