

Subject	Connect	Year Group	11
	WJEC English Entry Level Certificate	AQA Entry Level Maths	
Scheme title	English	Maths	
Purpose of scheme	This scheme aims to complete the NEAs for English Entry Level Certificate, as well as prepare learners for the final examination. The Entry Level scheme is used to support learners achievement in their core English lessons.	This scheme aims to support those for whom high stakes exams are a barrier. The course is portfolio based and allows pupils to demonstrate proficiency in 8 key areas of Numeracy. While providing a back-up qualification, it also allows us to practise key skills to support their maths attainment in both Functional Skills and core GCSE Maths.	
Knowledge in sequence	Reading Fiction Sequencing Narrative Writing Editing Presentation Skills Constructing an argument Interview skills	1 Properties of number 2 The four operations 3 Ratio 4 Money 5 The calendar and time 6 Measures 7 Geometry 8 Statistics	
Skills	This unit's core focus is on the Connect Skills for Learning. The Unit also aims to embed examination skills.	This unit's core focus is on the Connect Skills for Learning. The Unit also aims to embed examination skills.
