Year 11 Predictions

- ❑ **Progress Score +0.4**
 - ❑ This means that, on average, each year 11 is predicted to achieve almost half a grade HIGHER than students at other schools up & down the country
 - ❑ This would be a HUGE improvement on last year's Year 11 cohort
- ❑ **21% are predicted grades 9 - 7 in both English & Maths**
- ❑ **61% are predicted grades 9 - 5 in both English & Maths**
- ❑ **79% are predicted grades 9 - 4 in both English & Maths**

Could this be our BEST EVER cohort of Year 11s?

Students will only achieve these results if they work hard, revise, practise exam questions over & over & over again!
