Behaviour for Learning Policy including personal standards and code of conduct

This policy has been written in conjunction with the guidance *Exclusion from maintained schools, academies and pupil referral units in England* (Sept 2017) and the Equality Act 2010. This policy should also be used in conjunction with the school's SEND policy, available on the school's website.

Parklands High School believes that all students should be aware of the standards of behaviour that are expected of them, and takes responsibility for promoting these standards. We hope that by encouraging positive behaviour patterns we can promote good relationships throughout the school built on trust and understanding, and that through the use of this policy we can support all of our students in developing a high level of social awareness. Our aim is to ensure that all our students leave the school with the key skills they need to continue to progress to the best of their ability in all areas of life. The school will make reasonable adjustments for pupils with SEND and we will have due regard to the Equality Act 2010.

1 Rights and Responsibilities

All members of the school community: governors, staff, students, parents/carers, have rights and responsibilities in ensuring an orderly climate for learning. Teachers and all persons acting on behalf of the headteacher, have a statutory authority to discipline students whose behaviour is unacceptable, who break the school rules or fail to follow a reasonable instruction (Section 91 Education and Inspections Act 2006).

We believe it is the right of every individual to learn within a safe and orderly environment, which is free from disruption, violence, bullying and any form of harassment, therefore ensuring the environment promotes equality and fairness for all. The Home-School Agreement summarises the basic requirements. The signing of the Home-School Agreement signifies commitment to and acceptance of the principles and details of the behaviour policy.

It is the responsibility of everyone in school to act pleasantly with courtesy and consideration to others in lessons, during break and lunch times and at all other times. This applies to the journey to and from school as well as on school premises and when representing the school in any way. Sanctions (including exclusion) will be applied if students fail to adhere to the expectations of the policy.

2 Standards of Behaviour

Students should show respect to one another, to school staff, and anyone else that they may meet. Incidents of bullying, denigration, or bringing intentional harm to other students or staff will not be tolerated. Students are ambassadors to our school even when off school premises, and we expect them to act accordingly. They are expected to obey school rules, listen, follow instructions by staff, and accept and learn from any sanctions that they receive. Students should choose to accept their basic classroom rights by: accepting responsibility for their own behaviour; being courteous and well mannered; allowing others to make progress by behaving appropriately; being respectful to others and choosing not to swear, tease, name call or put others down; following the instructions of staff without question or argument; ensuring that they arrive punctually to their lessons appropriately dressed, well equipped and ready to work.

School work and homework should be well presented, completed to a high standard, and handed in on time. Failure to hand in work on time will lead to disciplinary sanctions. If students are struggling to meet the requirements of their workload for any reason, they should discuss this with their tutor who will work with them to draw up a support plan.

Under no circumstances will illegal or inappropriate items be brought into school, and all students will respect and look after the school premises and environment. The following behaviour is regarded as completely unacceptable and will result in disciplinary actions and possibly in exclusion, depending on the circumstances.

- verbal abuse to staff and others;
- verbal abuse to students;
- physical abuse to/attack on staff;

- physical abuse to/attack on students;
- indecent behaviour;
- damage to property;
- misuse of illegal drugs (see section 4);
- misuse of other substances (including but not limited to use of legal highs);
- smoking, including e-cigarettes;
- theft;
- serious actual or threatened violence against another student or a member of staff;
- sexual abuse or assault;
- supplying an illegal drug (see section 4);
- carrying an offensive weapon;
- arson;
- defamatory comments on social media about members of staff (such as on TikTok) and the school community;
- unacceptable behaviour which has previously been reported and for which school sanctions and other interventions have not been successful in modifying the student's behaviour.

Staff will encourage positive behaviour for learning by: being a positive role model for students, to encourage respect and consideration for others and pride in their appearance; ensuring that students feel safe and respected in their classroom; encouraging high standards of student behaviour in their classrooms; following the Behaviour for Learning policy consistently; following the behaviour management route (Appendix 1), ensuring that students feel safe and respected; praising students appropriately and encouraging achievement through the rewards system.

3 School rules that apply at all times to students

- Always be on time.
- Keep your appearance smart and tidy, and wear regulatory school uniform at all times to and from school.
- Rude, derogatory, racist or defamatory language will not be tolerated.
- Be considerate of your peers and the extended community. Do not run through hallways and corridors, do not shout out during lessons, or shout to one another in hallways, or when in public places and follow the one-way system.
- Be polite and respectful at all times. This applies to staff, other students, any visitors to the school, and to members of the general public.
- Take care of your environment, both on the school site and outside, and keep it tidy. Do not litter and do not vandalise property in any way.
- Unauthorised absence from school will not be tolerated.
- Health and safety equipment is only for use in emergency situations and should not be tampered with under any circumstances.
- Disobeying staff is not tolerated.
- The following items are not allowed in school under any circumstances:
 - Alcohol and drugs (including legal highs);
 - Cigarettes, e-cigarettes, matches, and lighters;
 - Chewing gum;
 - Weapons of any kind;
- Material that is inappropriate or illegal for children to have; such as racist or pornographic material.
- Mobile phones are permitted but must only be used at social times and never in the school building unless expressly directed for learning purposes in lessons by teachers. During lesson times mobile phones must be turned off and not on pulse or vibrate unless teachers have directed their use. Mobile phones must only be carried in the inside pocket of your blazer.
- Anti-social behaviour will be logged as a Social Strike. Three Social Strikes will lead to three lunch time detentions. Failure to attend at lunch will incur an immediate after school detention on the same day.
- Gambling is not allowed on school property.
- Bringing large amounts of cash to school is not advised. The school operates a cashless, online system for payment of school lunches and trips, so where possible this should be used.

4 Drugs

The school will not tolerate drug use of any sort on school property or during off-site school activities. This includes solvents and any other substance that can be misused or harmful. Students will be permanently excluded if they supply or are in possession of illegal substances on or off school premises. Incidents outside of school which could bring the school into disrepute may also lead to permanent exclusion. Drug-related incidents will be reported to the police.

Prescription drugs: Carrying, supplying or taking prescription drugs illegitimately could result in a permanent exclusion and will be referred to the police.

Non-prescription drugs: Some over-the-counter drugs can be harmful if misused. We advise that students should not carry these in school. If they need medication they can go to the school office.

Medication: We are aware that it may be necessary for some students to take medication during the school day. Parents should make the school aware of this in writing as soon as their child starts taking the medication.

5 Alcohol

Consuming, carrying or supplying alcohol is strictly prohibited. Any student involved in any alcohol-related activity may be permanently excluded.

6 Rewards

A school ethos of encouragement is central to the promotion of desirable behaviour. Rewards are an integral means of achieving this. They have a motivational role in helping students to realise that desirable behaviour, self-awareness and responsibility to self and others is valued, and are clearly defined in the procedures. Rewards include:

- Praise, both formal and informal, which has a key part to play in our reward system and students are routinely praised in class and in more formal occasions such as weekly, top tracker and end of term assemblies.
- Achievement points for a whole range of positive outcomes and behaviours, whether it be in learning, standards of attendance and punctuality or in showing thought/care for others. The system is based round the ethos of Character Education.
- Positive phone calls home are routinely made by the House Achievement Leaders and teaching staff to acknowledge positive effort, commitment and contribution.
- Termly reward trips for students with positive attendance, behaviour and effort.
- Inter-House competitions and events.
- Postcards, emails and letters home to acknowledge and congratulate success.
- Celebrating student successes through positive local press coverage.
- Opportunities to become part of the student leadership team

7 Sanctions

Sanctions will range depending on the severity and regularity of the offence. Students will receive an explanation as to why the sanction is being applied and what changes in behaviour are required to avoid future sanctions. The procedures make a clear distinction between the sanctions applied for minor and major offences. Where possible, prior to any sanction being issued all solution focused strategies will have been actioned.

Sanctions are broadly scaled so that low-level student issues receive lighter-touch sanctions but the more serious situations become, more severe sanctions will be applied. The following list of sanctions is not exhaustive nor is the list in full priority order:

- verbal warning and/or reprimand;
- time-out of lesson, removal from the lesson;
- detention (break, lunch time or after school);
- work in the Intervention or Isolation Room;
- parents/carers informed or invited in to discuss;
- appropriate monitoring put in place through the report system, such as students being placed by on report for monitoring of behaviour at subject, form or whole school level by the Form Tutor, Subject Teacher, House Achievement Leader and Senior Leadership;
- loss of break and lunchtime breaks;
- loss of privileges e.g. removal from ICT network for a fixed period or permanently if used inappropriately;
- after-school detentions. Where possible we will give 24 hours' notice, but there is no legal obligation to do so and in some instances we would expect them to be served immediately. We aim to work in partnership with home, but parental/carers consent is not required in order for detentions to be served. If detentions are missed for no good reason the time period will be increased;
- community service (e.g. littering will be addressed by the student litter picking);
- students being located in other classes/year groups for a temporary period;
- students paying for repairs if causing deliberate damage;
- confiscation of inappropriate items (e.g. make-up, jewellery, mobile phones, cigarettes and e-cigarettes etc.) where the student is using this in contravention of the school rules. Confiscated items will be kept secure and either returned to the student or parent/carers at the school's discretion;
- possible police involvement for serious issues of physical harm, threat, theft or damage, drug abuse issues.
- suspension (fixed-term exclusion);
- permanent exclusion from school.

Wherever possible, the purpose of sanctions is to address the negative issue and constructively rectify it. Where appropriate, the school adopts a restorative approach to addressing misdemeanors and infringements of school expectations.

Note

Internal exclusion means a student will be removed from lessons for a period of time and supervised in another part of the school with a loss of social time.

Isolation means a student will be placed in the isolation room and will work there for a period of time and may lose social time.

Suspension or fixed term exclusion means a pupil will not be allowed in school for a fixed period of days and will be given work to do at home. A student on a suspension/fixed term exclusion may not be in a public area during school hours. If this legal requirement is breached parents may be fined. Students can be given suspensions for up to 45 days in any one academic year. When this happens pupils will be placed in an alternative education setting from the 6th day which may be another school (not necessarily in the same area) or a Pupil Referral Unit.

Permanent exclusion means a student will no longer be able to attend Parklands High school and will be allocated education provision by the Local Authority. As per the guidance from the Department for Education, a decision to exclude a pupil permanently should only be taken:

- in response to a serious breach or persistent breaches of the school's behaviour policy; and
- where allowing the pupil to remain in school would seriously harm the education or welfare of the pupil or others in the school.

All exclusions are recorded on a child's educational record.

8 Training

The Governing Body will ensure that appropriate high quality training on all aspects of behaviour management is provided to support the implementation of the policy.

9 Inter-relationship with other school policies

In order for the behaviour policy to be effective, a clear relationship with other school policies, particularly special educational needs, anti-bullying and the Home-School agreement, will be established.

10 Involvement of outside agencies

The school works positively with external agencies. It seeks appropriate support from them to ensure that the needs of all students are met by utilising the range of external support available. Students identified as needing learning support from external agencies are identified through the SENCO (lead teacher responsible for pupils with additional educational needs). Students identified as needing behavioural, social, emotional or pastoral support from external agencies are identified through the Intervention Manager, House Achievement Leaders or SLT.

11 Searching, Screening and Confiscation of inappropriate items

Click [here](#) for the national guidance from the Department for Education which we adhere to. We reserve the right to confiscate, retain or dispose of items in the possession of students that are illegal or banned by the school. Staff will not be held liable for damage to, or loss of, any confiscated items provided they have acted lawfully and reasonably.

The Headteacher and authorised staff (members of the Senior Leadership Team, Houseleaders and the SENCO) can search a student or their possessions for any item if the student agrees or without consent, where they have reasonable grounds for suspecting that the student may have a prohibited item. If required, the police may be called to help with the search, and if the student does not give permission for the search or makes a search impossible due to their behaviour, then this may result in a permanent exclusion due to the school's inability to guarantee the health and safety of everyone in the school. Prohibited items are:

- knives or weapons
- alcohol
- illegal drugs
- "legal highs"
- stolen items
- tobacco, cigarettes and cigarette papers
- fireworks
- pornographic images
- any article that the member of staff reasonably suspects has been, or is likely to be, used to commit an offence, or to cause personal injury to, or damage to the property of, any person (including the student)
- weapons and knives and extreme or child pornography must be handed to the police. Otherwise it is for the school to decide if and when to return an item, or whether to dispose of it.

The Education Act 2011 allows for staff seizing an electronic device to examine any data or files on the device if they think there is good reason to do so. These data or files may be erased before returning the item if they believe there is good reason to do this.

Any cigarettes, tobacco or smoking related items confiscated in school will be destroyed.

12 Power to use reasonable force

Members of staff have the power to use reasonable force as is reasonable in the circumstances to prevent students committing an offence, injuring themselves or others, or damaging property, and to maintain good order and discipline at the school, whether during a teaching session or otherwise.

The Headteacher and authorised school staff (members of the Senior Leadership Team, Houseleaders and the SENCO) may also use such force as is reasonable given the circumstances when conducting a search without consent for Prohibited Items.

The school does not encourage the use of force and it will be used very rarely in special circumstances. There is no definition of when it is reasonable to use force, and every situation will have to be judged by the person in charge at that time. The degree of force used should be the minimum needed to achieve the desired result.

All staff at the school have the authority to use force when reasonable, and this extends to any other person to whom the head has given the responsibility to be in charge or in control of the students. Staff can also use this power when they are lawfully in charge of students but off the school premises – i.e. on a school trip.

Following serious incidents involving the use of force, the school will speak to the parents concerned. It is up to school to decide whether it is an appropriate occasion to report the use of force to parents.

Such serious incidents involving the use of force will also be recorded by the school.

13 Regulating students offsite conduct

Students who are caught or known to have been misbehaving on the way to or from school, or near the school premises, will be disciplined by the school. This also applies to students who break school conduct during work experience, school trips, or extended school activities such as sports events, or any event where poor behaviour might jeopardise the chances of future students participating.

13 Malicious allegations

If there is sufficient evidence to disprove an allegation against a member of staff or student and there has been a deliberate act to deceive or cause harm to the person subject to the allegation, then an appropriate sanction will be applied from the range listed in section 7. A referral to Children's Social Care may also be appropriate to understand if there is a safeguarding reason why the false allegation was made.

Uniform and appearance

Effective teaching and learning needs proper organisation, and this starts with a smart and tidy appearance which helps to instill discipline and pride in appearance in students, and reduces the risk of distraction in lessons.

PARKLANDS UNIFORM

A high standard of personal appearance is expected of all students.

Please follow the guidance, as we do not wish families to have to go to the expense of buying replacements at the start of the year. However, if our requirements are not met we will insist on appropriate replacements. Parklands uniform policy has been devised with reference to the Department For Education's "School Uniform" guidance (<https://www.gov.uk/government/publications/school-uniform/school-uniforms>). The governing body have had due regard to cost considerations and have kept compulsory branded items to a minimum. The approximate cost for non-optional items is less than £100 (1 x blazer, 1 x kilt or 1 x PHS-branded trousers, 1 x tie, 1 x polo shirt, 1 x PE shorts).

Families are asked for their support in ensuring our high standards are met.
