SECT ASSUR	Subject	Geography	Year Group	Year 11	GCSE Specification	AQA GCSE Geography (8035)
HH HH						
	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Scheme title	P.2 The Living World	H.1 Urban Issues and Challenges	P.1 The Challenge of Natural Hazards	H.2 The Changing Economic World	F.3 Issue Evaluation	GCSE Examinations
Sections	Ecosystems     Tropical Rainforests     Hot Deserts	The Urban World: Rio de Janeiro	Weather Hazards     Climate Change	The Changing UK Economy	Pre-Release Material     Revision	Paper 1:  • Living with the Physical Environment
Enquiry Question	How can we manage both small-scale and global ecosystems?	How is urbanisation affecting Rio de Janeiro?	What challenges do weather hazards and climate change present today?	How is the UK economy changing?	Question to be determined upon release of resource booklet prior to exam.	Paper 2:
Purpose of scheme	AQA GCSE Geography Specification	AQA GCSE Geography Specification	AQA GCSE Geography Specification	AQA GCSE Geography Specification	AQA GCSE Geography Specification	Challenges in the Human Environment
Knowledge in sequence	Introducing a Small-Scale Ecosystem - How Does Change Affect Ecosystems? - Introducing Global Ecosystems? - Introducing Global Ecosystems - Causes of Deforestation in the Amazon - Impacts of Deforestation in the Amazon - Impacts of Deforestation in the Amazon - Managing Tropical Rainforests - Managing Tropical Rainforests - Environmental Characteristics of Ind Deserts - Opportunities for Development in Hof Deserts - Causes of Desertification in Hof Deserts - Causes of Desertification in Hof Deserts - Reducing Desertification in Hof Deserts - Reducing Desertification in Hof Deserts	An Increasingly Urban World Factors Affecting the Rate of Urbanisation Introducing Rio de Janeiro Social Challenges in Rio Economic Challenges in Rio Improving Rio's Environment Managing the Growth of Squatter Settlements Planning for Rio's Urban Poor	-Global Almospheric Circulation - Where and How over Tropical Storms Formed - The Structure and Features of Tropical Storms - Typhoon Halyan - a Tropical Storms - Reducing the Effects of Tropical Storms - Reducing the Effects of Tropical Storms - Weather Hazorate in the UK - The Somerset Levels Floods - What of the Evidence for Climate Change? - What are the Natural Causes of Climate Change? - What are the Human Causes of Climate Change? - Managing the Impacts of Climate Change?	changes in the UK Economy - A Poet-Industrial Economy - UK Science and Busines Parks - Environmental Impacts of Industry - Changing Rural Landscapes in the UK - Changing Temport Infrastructure - The North-South Divide - The UK in the Wider World	Synoptic knowledge and skills     Pre-release - 12 weeks before examination	Paper 3: • Geographical Applications
Skills	Analysis; Application; Cartographic Skills; Evaluation; Extended Writing; Interpretation; Judgement; Map Skills; Mathematical Skills; Using Sources	Analysis; Application; Cartographic Skills; Evaluation; Extended Writing; Interpretation; Judgement; Map Skills; Mathematical Skills; Using Sources	Analysis; Application; Cartographic Skills; Evaluation; Extended Writing; Interpretation; Judgement; Map Skills; Mathematical Skills; Using Sources	Analysis; Application; Cartographic Skills; Evaluation; Extended Writing; Interpretation; Judgement; Map Skills; Mathematical Skills; Using Sources	Analysis; Appplication; Cartographic Skills; Critical thinking; Evaluation; Interpretation; Judgement; Map Skills; Mathematical Skills; Problem solving; Source analysis.	
Key words	Abiotic, Biotic, Consumer, Decomposer, Ecosystem, Pood chain, Food web, Nutrien cycling; Global ecosystem; Producer, Biodiversity, Commercial farming; Det relief; Deforestation; Ecotourism; Logging, Mineral extraction; Selective logging; Soil eroson; Subsistence farming; Sustainability, Appropriate Lenhology, Biodiversity, Desertification; Hot desert; Mineral extraction; Over-cultivation; Overgrazing.	Mega-cities; Migration; Natural increase; Pollution; Sanitation; Squatter settlement; Traffic congestion; Urbanisation	Adaption, Climate change, Economic impact; Envioronmental impact; Extremen weather; Global atmospheric circulation; Immediate responses; Long-term responses; Management strategies; Miligation; Monitoring, Orbital changes, Planning, Prediction; Primary effects, Protection; Quaternary period; Secondary effects, Social impact; Tropical storm.	Commonwealth; De-industrialisation; Development; European Union; Globalisation; Information technologies; North-south divide; Post-industrial economy; Science and business parks; Service industries (tertiary industries); Trade.	Keywords will not be known until the pre- release material is shared 12 weeks before the examination.	
End point	To have a secure knowledge of ecosystems (tropical rainforests and hot deserts), including characteristics, opportunities, challenges and management.	To have a secure knowledge of the issues and challenges in the urban environment of a Newly Emerging Economy, focusing on the opportunities and challenges in Rio de Janeiro.	To have a secure knowledge of weather hazards and climate change, including patterns, development, effects, examples and management strategies.	To have a secure knowledge of the changes in the UK economy and the affects this has had upon employment patterns and regional growth.	To have a secure knowledge in the topic identified and be able to consider the differing views of stakeholders in coming to a justified decision
