

Departmental CEIAG Plan 2018-19

Geography

Year	Activity	Objectives	Support/Funding/Staffing
7	Year 7 fieldwork	Year 7 Fieldtrip to Chorley - Pupils find out what it is like to carry out surveys/research - people actually carry out surveying as a career.	Use of HALS/support staff to accompany class teacher in 1 hour lesson. Free
8	Rainforests & Tsunamis lessons	We discuss with pupils what sorts of careers are on offer when putting together Geographical TV documentaries such as Top Gear's 'Bolivia Special' or 'The Impossible'.	All Geog staff who teach Year 8 - no funding needed.
8	Tornado Unit	Jobs like 'storm chasers', hydrologists, meteorologists discussed.	All Geog staff who teach Year 8 - no funding needed.
8	National Parks	Possible visit from a local park ranger?	Probably free/mileage costs?
9	Hazards topic	Discussion of jobs related to the work done in lessons on natural hazards - such as Volcanologists, Seismologists etc	All Geog staff who teach Year 9 - no funding needed.
	Resources topics	A possible visit for G&T (as limited numbers can visit the site in one go) - Springfields Nuclear Plant Preston - we visited this in 2016 with all Year 9 Geographers (only 22 pupils) - it was very informative and they did a session on careers with us as I asked them to.	Possible future visit - supply cost, coach cost. Visit is actually free.
	Coastal Landscapes	Coastal Management lessons - and possible fieldwork. Lends itself to discussions about the Environment Agency and jobs in coastal engineering and habitat protection.	Year 9 staff
11	River Landscapes	Jobs like those in the Environment Agency Discussed.	Possible visit from a member of their staff?
	Urban Geography	Jobs involved with collecting and utilising population data, town/city planners/architects/environmental management etc	Year 11 staff
	Open Evening	Card games - LW made some 'career cards'.	Free for pupils to use.
