

Departmental CEIAG Plan

SCIENCE

Year	Activity	Objectives	Support/Funding/Staffing
7-10	Science roadshows and workshops (e.g. Smallpeice Trust energy workshop), local competitions. Occur throughout the year- depends upon availability.	Delivered when available to introduce pupils to a range of different careers such as engineering.	Time off time table to run and staff to support. Staff to run and take pupils to events.
10	Careers masterclasses at Runshaw College and Wigan and Leigh	Lectures delivered by prominent members of a career- information is shared with parents who are invited to attend with pupils.	These are free events that are offered by local colleges. Support staff to accompany students.
7-8	Science club	STEM careers to be included in activities delivered by the Science ambassadors.	Staff to support and organise the learning ambassadors. Practical equipment to be provided by the technicians.
KS3	STEM careers into existing lessons.	Built into the Science schemes of work	
ALL	Science week	Careers to feature as part of the activities during science week.	Possibly as part of a house competition.
ALL	Departmental CEIAG Displays	Displays in Science labs to inspire and inform students on jobs in STEM and 'jobs that might exist'	Displays in labs
