

Pupil Premium 2018/19

The Pupil Premium is an allocation of additional funding provided to schools to support specific groups of children who are vulnerable to possible underachievement. This funding is sent to schools based on the numbers of pupils in the school who are eligible for Free School Meals; those looked after by the Local Authority (Our Children) and those children of Armed Service personnel.

From 2012/2013 this criteria was expanded to include all children who have been eligible for Free School Meals over the last six years.

The funding is allocated by Governors to ensure these pupils reach their full potential both academically and socially.

Park Community Academy has decided upon 3 targets for the Pupil Premium Funding to achieve this year. These targets are.

1. 97% of Pupil Premium pupils to achieve expected or above expected progress in Mathematics,
2. 90% of Pupil Premium pupils to achieve expected or above expected progress in Language and Literacy,
3. 96% of Pupil Premium pupils to achieve expected or above expected progress in PSHE.

An important aspect of achieving these targets is through the children increasing in their confidence through work undertaken in their involvement in the performing arts both within our school and within the wider community. These experiences and achievements are vital to social and emotional progress they make, and this translates directly to their academic success.

All staff have an understanding of the current targets and how the Pupil Premium funding will achieve them.

There will be a whole school Pupil Premium review taking place in December 2019.

Overview:
