Sensory Chew Toys

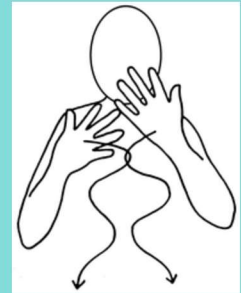

Many of our pupils use sensory chew toys
in school and at home. Here are some
helpful tips to make sure they are safe for
your child.

- Be sure you have purchased a chewy
from a reputable company that tests
products for compliance with all
applicable safety standards, including
phthalates and BPA. Not all chewies
are made the same. When tubing is
part of the chewy, medical grade
tubing is best. Chewbuddy's are CE
marked and made from medical grade
material.
- It is wise to inspect the chewy
regularly for wear and tear. If cracks
or weaknesses are noted, discard and
replace the chewy.
- A chewy necklace should be large
enough to be easily removed or have a
quick release or breakaway clasp that
pops open easily. **Please note we can
not let a child use them in school
unless they have the quick release or
breakaway clasp on them.**
- Chewies should be washed with
antibacterial soap and water after
each use and left to air dry. Some
chewies (such as the Chewbuddy) are
dishwasher safe on the top rack -
check the care instructions.

Classroom News

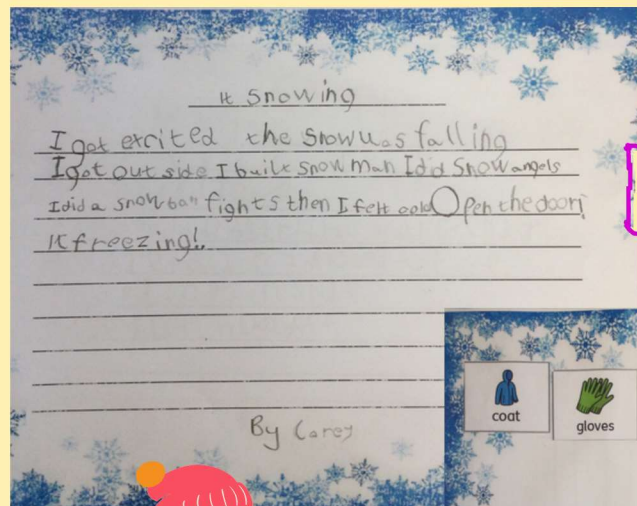

We have loved exploring our new English topic this week! We are focusing on traditional tales this half term and the children have taken part in a Gingerbread man sensory story and explored matching and drawing activities.

Lily drew a wonderful gingerbread man and Aiden did some fantastic matching. Some children also enjoyed role playing the story with Mr Morrison in our outdoor area this week.

Wonderful work 1H!

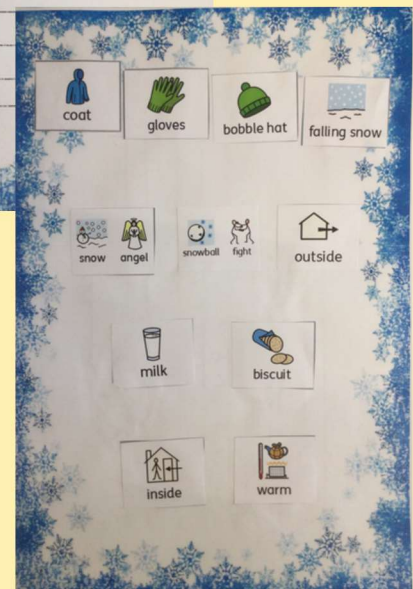

10.1.25-
Playing and sharing together

KS2

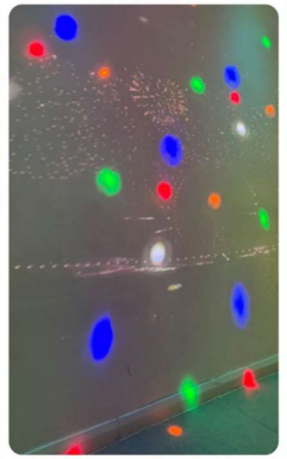

For the first week back in 2C it has been all about friendship and snow!

We have been working really hard on vocabulary and imaginative sentences to help us write our own snow poems. During the week, we have also used our time to welcome each other into the new year and settle back in as a class, playing and chatting together.

KS3

In RE this week, 3T created a Holi Festival scene in the sensory room. Holi is the Hindu festival of colours so we used bright lights and used the projector to put on a firework display. Over the last few RE lessons we have been learning about Holi and even tasted foods that would be eaten at a Holi festival.

KS4

4J have been hard at the gym. New year new start, improving their individual fitness and pushing their own goals.

Well done 4J

KS5

This week KS5 have been completing team building activities in STEM. They worked in teams to carefully navigate a cup through a maze, using skills to communicate and problem solve. A great first week back, well done KS5!
