Solving real life problems.

Art

Know about other cultures, craft makers and designers, and understand the historical and cultural development of their art forms. Using clay to make Canopic jars, learning to roll, mould and join pieces of clay.

Spring Term - Egyptians

History

Using Ancient Egypt as a focus, pupils will engage in a historical investigation into life beyond living memory. We will learn from a range of sources, which will allow us to compare and contrast life as an Ancient Egyptian vs our modern lives today. We will study the world map, handle artefacts and study the beliefs of others from over 5,000 years ago.

Music: This term in music the students will be looking at "playing in an orchestra" and inventing a "musical story" it involves learning more notation formations, playing in a group and musical appraisal.

Drama: In Drama it is our Shakespeare Season and we will be looking at the play The Tempest. We will be looking at physical drama, acting like the character and discussing how they move.

Geography

We will be able to name the 7 continents of the world.

Understand what the river Nile is and why it was important to the Egyptians.

Technology

Food: Tasting, appraising and making flatbreads, humus and sweets.

Designing and making Egyptian jewellery, death masks and canopic jars.

We will be using our skills of joining materials to make a clay model.

Computing

Multimedia: Art; Posters; Animation
Algorithms & Programming: Controlling technology

Create pictures using simple computer drawing packages

Recognise that their work can be saved and retrieved

Take and save pictorial images, e.g. video, photos

Describes a range of algorithms

MFL—French

Greetings
Numbers

RE

In RE, we will be looking at how Easter is celebrated around the world. Children will find out about how Christians prepare for Easter, Easter traditions and symbols as well as key events including Shrove Tuesday, Ash Wednesday, Maundy Thursday, Good Friday and Easter Sunday.

PHSE
