

## Park Community Academy

Class 1B Animals Topic (Sea Creatures) Sun	nmer Term Home Learning Activities SET 2
If you want to share what you've been doing with your teacher you can send them a photo, video or write to them at: 1B@park.blackpool.sch.uk	<b>Don't forget to use your:</b> Bug Club, Education City and Discovery Education Espresso Keep checking our 1B class blog as well for more ideas.
Literacy Read along with the story 'There's a hole at the bottom of the sea'. https://www.booktrust.org.uk/books-and-reading/have-s ome-fun/storybooks-and-games/A-hole-in-the-bottom-of- the-sea/. Sing along with the story as well. See what sea creatures you can spot! Can you name the sea creatures? https://www.voutube.com/watch?v=R1On2bcZRTo Look at the different sea creatures in the story. Think of words to describe them? What colour are they? Are they spotty or stripy? Ask an adult to help you write down your ideas. Draw some simple fish shapes. Decorate the fish using different patterns and colours. Ask an adult to decorate a fish as well. Take it in turns to describe each other's fish. Miss Barlow has decorated a fish. I described my fish as "spotty" "green" and "happy". Read the names of the sea creatures and match them to the picture in this fun game on Espresso. https://central.espresso.co.uk/espresso/primary_uk/subj ect/module/activity/item1053224/gradef/module104524 6/index.html Write/ copy/ overcopy the alphabet. Use the abc song to help you or use some of the songs we listen to in school. https://www.youtube.com/watch?v=saF3-f0XWAY, https://www.youtube.com/watch?v=saF3-f0XWAY, https://www.youtube.com/watch?v=U2HYM9VX29k. Then go on a hunt around your house to find items beginning with the different sounds.	MathsDraw some circles and write numbers in the middle. See ifyou can count out the correct amount of objects on thecircles. You could use LEGO bricks, pasta, cars etc.If you have building bricks athome, you could make towersusing the right number ofbricks in the circles.Extra challenge – if you add '1more' to the number ofobjects, how many? If you take'1 away' from the number of objects, how many?In 1B we love being active in maths. The following game isone of our favourites. You need dice or home madenumbers cards (numbers written on strips of paper) andstrips of paper with different actions written on e.g.clapping, jumping. Take it in turns to roll the dice or tofind a number and then pick an action card. Do the actionthat amount of times. Make sure to count out loud!Follow the Oak Academy lesson on counting to 10.https://www.thenational.academy/reception/maths/counting-actions-and-objects-up-to-10-reception-wk1-1Explore the counting games on Espresso. Extra challenge:play the 100 square game if you're confident in usingnumbers beyond 20.https://central.espresso.co.uk/espresso/primary_uk/subject/module/frontscreen/item807284/grade1/index.html

use?

Have a go at drawing an under the sea creature, or you could draw one and ask someone in your house to do the same, take it in turns to describe what it looks like and see if you can guess what each other has drawn!
