

Get those Maths eyes ready, we have a competition for you!!

\*Due to a change of date for the official NSPCC Number Day we will be raising awareness of the charity later in the year\*

We are still celebrating Number Day at PCA on Friday 5th February with our exciting maths competition!

We are asking our lovely pupils to find the maths out there in the real world and send a photo into school with a caption or brief sentence describing it. It can be a picture of the everyday maths at home/school such as measurement in the kitchen or geometry in the garden or they can use their daily walk to find some outdoor maths.

Photos should be sent to the following email address along with the pupil's name and class. Prizes will be awarded to each Key Stage!

[5b@park.blackpool.sch.uk](mailto:5b@park.blackpool.sch.uk)

Please send a photo in by **Wed 3rd Feb** to allow the judging to take place.
