Dear Parents & Carers,

During these unprecedented times many of our us are spending an increased amount of time on the internet accessing the news, online learning platforms and social media. While this can help us to gain information, continue with our learning and feel connected to others it can pose a danger.

Park Community Academy has joined up with the National Online Safety team to offer an interactive online workshop for our parents and carers.

The course can be taken at your own convenience and covers:

- Information about online dangers and the newest platforms
- What online risks to look out for and how to protect your child

Please find below the URL you need to visit to register your account:

<https://lms.nationalonlinesafety.com/school/Parkcommunity>

You will need to complete your details and select "I am a Parent/Carer" from the dropdown.

Once you have registered, you will be able to access the 'Online Safety for Parents and Carers' course along with the National Online Safety's resources (which include 50+ online platform guides on the latest social media channels and games). This aims to help empower parents with the knowledge to protect their children from the dangers of the internet.

If you have any questions or trouble accessing the course, please contact [support@nationalonlinesafety.com](mailto:support@nationalonlinesafety.com).

Yours sincerely,

Mrs Johnson
