

Science Selfie **COMPETITION!**

Enter as many times as you want!

Prizes to be won!

Closing Date – Monday 8th February

What do I have to do?

All you have to do is take a selfie doing something scientific and write a short explanation of the science involved.

This can be something simple e.g. a selfie of you making a cup of tea and a small explanation of how water boils and turns to steam, however, we are hoping you can be more inventive and find something scientific which interests you e.g. amazing nature, mini home experiments etc...

What do I do with my science selfie? Send it to your child's class email ([\(class\)@park.blackpool.sch.uk](mailto:(class)@park.blackpool.sch.uk)) Make sure to put your name in the email.
