

GCSE Results 2024 - A Summary

“Results this year are a celebration for all, with outcomes enabling our pupils to open doors to their future opportunities as they move on from Priory. The results of many individuals have shone, with their hard work and commitment rewarded with outstanding grades. The results clearly reflect the effort put in by all involved.”

Mr Eastham, Principal

English

- 45% of all pupils achieved a grade 5+ (strong pass) in English

- Many vocational subjects also performed fantastically well with Dance, Childcare, Engineering, ICT Digital Info Tech, and Drama all demonstrating outstanding results once again.

Congratulations, first and foremost, to our students. We all know how hard it's been at times, but also how hard they have worked. They should be very proud.

Congratulations too, to everyone associated with the school; staff, parents, guardians, trustees; in supporting our young people throughout their time with us. We want to take this moment to say that what you have collectively done to get students to this point does not go unnoticed.

Regardless of results, we recognise our 2024 leavers as precious and unique individuals. Results today can only ever part of a bigger picture. While they provide a platform from which our young people can now embark

on the next stage of their lives, they do not define them or their future successes. These outcomes will ensure our students can now leave Priory, equipped with the right skills and attitudes to help them succeed in life, contribute positively to society, and go on to further education, employment or training.

We ask them never to forget the contributions they have made to Priory, whether that be in the classroom, on the sports pitch, on stage, fundraising or in extra-curricular activities.

We ask them to remember too, their entire time with us, their accomplishments throughout that time and how they have developed in so many different ways. Their health, happiness, their ability to work with others. All these things matter too. We hope they have felt supported in developing not only academically, but also pastorally, where their all-round personal abilities have been cared for, encouraged and nurtured, allowing them to leave Priory as fully engaged, caring and contributing members of our society.

We feel proud, as adults in the school, to have been a part of these young peoples' lives, their achievements and, based on their individual abilities and resilience, proud of the unique accomplishments each of them has made. On behalf of all the staff here at Priory, I just want to say thank you to our young people. Thank you too, to our parents, and guardians, for their continued support of us as a school in your child's time with us.

Finally, a reminder to all our students. You are all exceptional, inspiring and talented young people, and we couldn't be prouder of you. Congratulations again on your achievements this week and our very best wishes for what I'm sure will be your bright and exciting futures.
