

Trustees at Priory

My name is Florica, Romanian for flower, although I have no connection and actually originate from Africa/India.

I'm a scrub nurse working within a private hospital. My background, of many years, is with the NHS covering dialysis in the community and then critical care and A&E during Covid. I also helped managed the Covid vaccines and sat on both the patient safety board and inclusive leadership course.

I grew up in the area and now have a young family, actually in the same house I grew up in. My daughter is in primary school and my son is in Year 7 at Priory. He is loving every second of his high school life and choosing Priory was definitely the best decision.

With children comes activities, many of which are within Penwortham, which I get involved in supporting.

I am hoping I can bring a fresh perspective, ideas and support Priory and the local community.
