

## **Our Current School Governors**

### **Cheryl Barker**

### **Staff Governor**

I am the Business Manager and have been in post for 2 years. I volunteered to be a Staff Governor to support my own development and learn more about how a school operates. I am keen to evolve in my role within school and I am fully committed to making Priory first choice.

I have 12 years' experience working in Local Government, primarily in the education sector, with strengths in HR, Payroll, Health & Safety and Business. The skills and experience I have previously gained have already proven valuable in my role and will provide further support to Priory as a Staff Governor .
