

## **Our Current School Governors**

**Gina Herd**

**Parent Governor**

I am delighted to have been given the opportunity to support Penwortham Priory Academy as a parent governor. I have worked as a Business Support Leader at a leading Engineering firm for the past 5 years and previously worked at BNFL and BAESYSTEMS. I am a dedicated, proactive and influential member of a team and I have a proven track record for successfully implementing core values and company vision.

I hope this experience will be of benefit to the governing panel. As I feel I can bring a positive influence to our school environment helping with future challenges and successes.
