Audit & Risk - in line with the Academy Trust Handbook 2021

Note that employees should not participate as members when audit matters are discussed.

Internal scrutiny

To ensure that risks are being addressed appropriately through internal scrutiny by:

1. Agreeing a programme of work annually to deliver internal scrutiny across the Trust throughout the year. The ratings and responses on the Trust Risk Register should be used to inform the programme of works, ensuring checks are modified as appropriate each year, with higher risk areas reviewed in good time.
2. Agreeing who will perform the internal scrutiny function on behalf of the Trust. The Committee should have access to those carrying out internal scrutiny, in order to review their plans and reports, and also consider their quality.
3. Considering reports at each meeting from those carrying out the programme of work, incorporating:
 - Recommendations where appropriate to enhance financial and non-financial controls and risk management
 - A review of progress in addressing previous recommendations.
 - An annual summary report for each year ended 31 August outlining the areas reviewed, key findings, recommendations and conclusions, to help the committee consider actions and assess year on year progress.
4. Reporting to the Board on the adequacy of the trust's internal control framework, including financial and non-financial controls and management of risks.
5. Considering outputs from other assurance activities by third parties, including ESFA financial management and governance reviews, funding audits and investigations.

The Committee's findings on Internal Scrutiny **must** also be made available to all Trustees promptly.

External audit oversight

To provide advice to the Board of Trustees in order that it can ensure that there is an appropriate, reasonable and timely response by the Trust's management team to findings by external auditors, taking opportunities to strengthen systems of financial management and control. Specifically the audit and risk committee **must**:

1. Review the external auditor's plan each year
2. Review the annual report and accounts
3. Review the auditor's findings and actions taken by the trust's managers in response to those findings
4. Assess the effectiveness and resources of the external auditor to provide a basis for decisions by the trust's members about the auditor's reappointment or dismissal or retendering. Considerations may include:
 5. the auditor's sector expertise
 6. their understanding of the trust and its activities
 7. whether the audit process allows issues to be raised on a timely basis at the appropriate level
 8. the quality of auditor comments and recommendations in relation to key areas
 9. the personal authority, knowledge and integrity of the audit partners and their staff to interact effectively with, and robustly challenge, the trust's managers

10. the auditor's use of technology
11. Produce an annual report of the committee's conclusions to advise the Board of Trustees and members, including recommendations on the reappointment or dismissal or retendering of the external auditor, and their remuneration.
