Dear Parent/Carer

Year 8 Online Safety Survey

We are writing to inform you about an important project taking place in school. A group of Year 8 pupils will be invited to take part in an online survey about their experiences on the internet.

Research shows that more than a third of UK teenagers who go online report seeing something that upset them in the past year. This survey, carried out by CHILDWISE in partnership with Discovery Research on behalf of Ofcom, aims to understand how children navigate these experiences and how we can make the internet safer and more enjoyable for them.

What does this involve?

- Pupils will complete a short, anonymous online survey in school.
- The survey will take approximately 20 minutes and will be conducted between 18 November and 12 December.

Click the link in the green box on the back page of the Ofcom letter at your earliest convenience to confirm your child can take part in the 20 minute survey. There are only four questions in the link which shouldn't take more than a minute to complete.

Thank you for your support in helping us contribute to this important research.

Yours faithfully

Mrs R Bullock
Head of Year 8
