Meet Your Friendly Peer Mentors Today

Support From Pupils, For Pupils

A peer mentor is someone who uses their own experience to support and guide another person who is facing challenges or is in a situation that needs extra support.

Peer mentors support their younger peers with anything they require help with and support them with a 1:1 non-judgemental confidential conversation.

If you're in a situation where you feel you need extra support, come and talk to a Peer Mentor. You'll find us in the Year 7 Dining Room/Hex at Break and Lunch.
