CROSS South Ribble Cross COUNTRY Country Championships

Priory was invited to take part in the South Ribble Schools annual cross country championships last

Saturday at Hutton Grammar School. Almost fifty of the school's best runners, across Years 7-11, were selected to take part and compete against the ten other district schools.

There were three age categories with individual races for boys and girls. Five Priory pupils finished in the top ten positions which was an excellent result for races with over 70 participants in each category.

Head of PE & Sport, Mr Bullock, commented: "A massive well done to all the pupils

that gave up their Saturday morning to represent the school. Despite the difficult muddy conditions, they gave it their best and were worthy ambassadors of the school".

Official overall and individual results from the organisers are yet to come in. These will be reported when released.

Attendance Winning Forms Attendance

Every student. Every day.

Each week the attendance officer calculates the form with the best attendance for 'Year 11s' and 'The 'Rest' of the school. As the Year 11 form groups are smaller than the others, they are more likely to achieve full attendance. Therefore to ensure fairness, results have been separated out.

This week's winners are:

Year 11 -D8 (99.29%)

Rest -D2 (100%)

Well done to Mrs Elliott's and Mr Scott's forms.

Pupils Support Alder Hey Hospital

Well done to Year 8 pupils Connie and Amba who raised over £65 this week for Alder Hey Children's Hospital.

On Monday, the girls held a bake sale preparing all the goodies themselves.

The girls even went to Alder Hey to collect merchandise which they could add to their event.

Despite the fire alarm interrupting break-time, this didn't stop our pupils' support.

Well done girls! We will be hearing more about these two young ladies in a further issue.

A Message From The Head

Dear Parent/Carer

Mental Health

Research states that mental health issues affect about 1 in 10 children. The emotional wellbeing of children is just as important as their physical health. Good mental health allows young people to develop resilience, cope with the ups and downs in life and grow into healthy adults.

Surveys suggest that most young people are mentally healthy but more children are having problems due to life changes, traumatic events, feeling vulnerable or not coping with difficult situations. The Guardian has recently published that tens of thousands of young people in Britain are struggling with their mental health and are seeking help online for problems.

Research indicates that common mental health problems include selffor young people depression, harm, eating disorders, post-traumatic stress disorder, anxiety and panic attacks.

Poor mental health in childhood affects educational attainment, increases the likelihood of smoking, alcohol and drug use, and has consequences for poorer physical health in later life.

Mr M Eastham, Headteacher

What can you do?

Take time to do some research about mental health issues and symptoms with young people. Point your child towards websites or helplines that can give them information as well. Here are some useful websites to get you started: www.mind.org.uk www.youngminds.org.uk

Seek further advice from a professional if you are worried or concerned about your child.

Talk to your child about any worries they have, be supportive and show empathy and understanding. Try to avoid persistent questioning but encourage them to open up to you and reassure them that you are there to help them. Try to make your child feel loved, trusted and safe.

Learn to succeed

Don't blame yourself for any problems your child is having as this will not help the situation. Be honest and explain that you are worried and help them access the right kind of help. Encourage your child to take up healthy habits to help them to maintain a positive state of mental health

Examples are:

- Healthy eating
- Good sleep routine
- Seeing friends and connecting with others
- Taking time out to relax
- Exercising
- Doing hobbies
- Spend time outdoors

Like a challenge?

The Head of Maths, Mr Kenrick, will be testing our brain power each week with one of his puzzles.

Here you will find a puzzle or a problem solving task - these can help to build students' perseverance, mathematical reasoning, ability to apply knowledge creatively in unfamiliar contexts, and confidence in tackling new challenges.

Why not have a try yourself!

Answer page 9

In the following 'equation' you need to work out values to replace D and E that would make it work. This is different to algebra in the following way: If A = 2 and B = 6, AB = 26You just replace the letters with numbers. You must make the equation work though!

Mrs Gidden's Cool Readers Club

Priory's Head of English, Mrs Gidden, has been really impressed with many of our multi-talented

pupils and wanted to highlight their love of reading while excelling at other pursuits.

This week we interviewed Year 7 pupil, Grace.

Grace admits she gets 'absorbed' by books and is currently reading Harry Potter and the Deathly Hallows.

"I think I have read the full series about ten times. I like chunky books," said Grace. "I enjoy them as you get sucked into another world, I can't really describe it but you become absorbed by it and it seems an escape from normal life.

"I prefer the books to the Harry Potter films just because some things were changed for the films and there is more detail in the books."

Grace is currently preparing for a pantomime Aladdin with St James' Players at St James Church Hall which will be on in January.

"I have been in Cinderella as well. I have to act, sing and dance and I am in the chorus for Aladdin. Rehearsals are two hours every Friday

night and Sunday afternoons so it is busy.

"I want to be an actress when I am older, I like being the good guy!"

Grace is the first Year 7 to become a millionaire reader in the Accelerated Reader scheme that pupils in Years 7-10 follow. Her English teacher, Mrs Isherwood tells us, "Reading at least a chapter every night, Grace has already read a number of books this half term. As at 10 October, Grace has read 1,084,625 words. Well done Grace!"

Answer to Maths Challenge:

Mr Graham helps set up Facebook mental health peer support group, 'Rise & Shine Preston'

The online peer support group aims to help people facing mental health challenges. The group's feed consists of positive quotes, links to useful resources, and personal posts from members.

Mr Graham originally set up the group in Blackburn to encourage people to improve their mental health through lifestyle changes such as getting up earlier, being more active, and using meditation and mindfulness in their daily routines.

People in the group began responding more to the mental health aspect of the group rather than the activity or healthy eating posts. The group began to take on its own form, and evolved into the mental health support group it is today. The long-term plan for Rise & Shine is to become a

registered charity and expand across Lancashire.

Mr Graham's vision is to create more groups that are individual to each town and city. However, he wants Rise & Shine to stay within the county so as not to lose touch with its roots, or to forget the unique nature of the demands of living in the north west, which are so often forgotten by those elsewhere in the UK.

The Preston branch, set up by Rachel Phoenix (pictured) is the first expansion for Rise & Shine. Rise & Shine Preston supports and encourages people of all ages, genders, races, abilities or disabilities – mental illness does not discriminate!

They Eat Culture is an arts/culture production studio based in Preston. They focus on work in central Lancashire as 'radical, ethical placemakers' and are actively working in the Kingsfold area with an arts and environment programme unfolding over the next 8 months. They also work on a more broad 'central Lancashire' basis alongside a variety of partners.

Mischief Night is an evening of music, fun, games, prizes and food which takes place on Weds, 30 October at five different locations across Preston. Part of They Eat Culture's Mobile Home project, the Kingsfold event will take place at The Cop Lane Coffee House, Cop Lane, Penwortham, PR1 9AB 7-8pm

If anyone lives in or near Kingsfold and are interested in the arts, you can be added to their mailing list for opportunities by emailing <u>info@theyeatculture.org</u>.

New York, New York For Year 8 & 9 Pupils

We are excited to inform parents/pupils of our intent to take a group of the current Year 8 and 9 pupils to New York in the half term break of May/June 2021.

Letters have been given out to gauge numbers at this stage. The 'big trips' take a long time to plan and we also wish to give parents as long as possible to pay in advance final payment in February 2021.

At this point we are planning to fly from Manchester airport directly to New York JFK. We would stay for five nights and visit as many of the well-known tourist attractions of the city and Manhattan as possible. We aim to provide pupils with a true flavour of the city by completing other iconic visits and experiences.

Reply slips should be returned by 30 October to show intention to allow your child to go on the trip. For a letter or further details, please contact trip organiser, Mr Watters at <u>a.watters@priory.lancs.sch.uk</u>.
