

Penwortham Primary Post

GCSE Geography Have a Field Day in Liverpool

The Humanities Department has recently taken four different GCSE Geography groups to Liverpool to complete a wide range of urban fieldwork studies along an urban transect, which ran from the greenbelt outside the city of Liverpool, to Liverpool One - the retail CBD centre of the city.

More than 150 pupils from Years 10 and 11 were taken to the city using our four minibuses over four different days over the last month. The pupils completed several key surveys assessing the various land uses and how the quality of environments varied at five different sites.

We drove from school and stopped along the route, ensuring pupils were able to take photographic evidence and complete their surveys at differing sites. The pupils have to work with their teachers to produce detailed investigations which will help them prepare for their Paper 3 GCSE fieldwork exam.

The other advantage of the trip, is that we study the urban development of Liverpool as a key case study for Paper 2 – so this helps to consolidate and bring the geography of the classroom to life.

The trip allows pupils to really get to know so much more about the city, and be able to understand the context of place and named examples of sustainability as well as the differing cultural impacts of migrations.

Year 7

Weds, 16 March
Year 9 catch up DTP & ACWY vaccinations

Fri, 25 March
Learning for Life Day 3
Early lunch followed by early school closure at 1.10pm

...continued from front page

The pupils were also able to spend time in Liverpool One and the Albert Dock areas before enjoying a cruise along the Mersey. The Friday trip was a little blowy!!

We all returned safe and well. Now the hard work continues, where pupils will be presenting their data and evidence to then evaluate their combined hypotheses.

The Humanities department was extremely pleased with the great attitude of each group; it was very nice that the staff of Mersey Ferries and members of the public praised our pupils. Many thanks must be given to the department for their work and many thanks to Mr Gee, Mr Eccles and Mrs Holland for also giving up their time to drive the minibuses.

Mr Metcalfe and I always enjoy these great opportunities to take the pupils to Liverpool. It is great to be a Geography teacher!

Mr Watters
Lead Teacher for Geography

English Department

...To Our Librarians

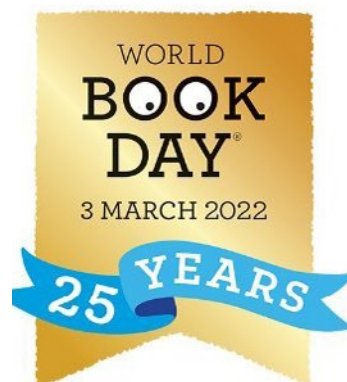

A massive thank you to all our librarians who attended an after-school meeting on Thursday.

Your support is valued and we'll be covering this in the newsletter after half term.

Hope you enjoyed the pizza!

World Book Day

Thursday, 3 March

For World Book Day we'll be decorating classroom doors again to look like book covers.

Learning for Life tutors will be working with their groups to decorate their doors. Over the half term break, please get thinking about your book-themed creations.

On this day, pupils may dress up as book characters if they wish.

meeting

Information Drop In Session...

Weds, 23 February 3pm-3.30pm

Mrs Gidden will be holding a meeting for pupils and parents that have any questions about the trip to Manchester on Mon, 28 February.

The trip incorporates a visit to see GCSE Poetry Live and an evening performance of Footloose at the Opera House, Manchester.

Parents must email Mrs Gidden in advance at a.gidden@priory.lancs.sch.uk. Pupils can just turn up.

Year 9 English Competition!

In your **Of Mice and Men** study, you will have seen how unfairly women, particularly Curley's wife, were treated back in the 1930s. History was cruel and unfair to women.

In Dustbowl California, for women like Curley's wife, it's almost as if the suffragette movement never happened.

The movement was started in 1903, and in 1918 women finally won the right to vote in England through years of protests and campaigns. America followed a year later in 1919.

Your task...

Imagine it's 1917 and you're a suffragette. Write and perform a speech or song to perform at a 'Votes for Women' rally OR design a poster or flyer to display at a 'Votes for Women' rally.

To help you, you may wish to research the suffragettes and the women's rights movement.

Hand your entry to your English teacher by the deadline: Friday, 25 February.

House points and rewards galore for the lucky winners!

'by the pricking of my thumbs...something
wicked this way comes...'

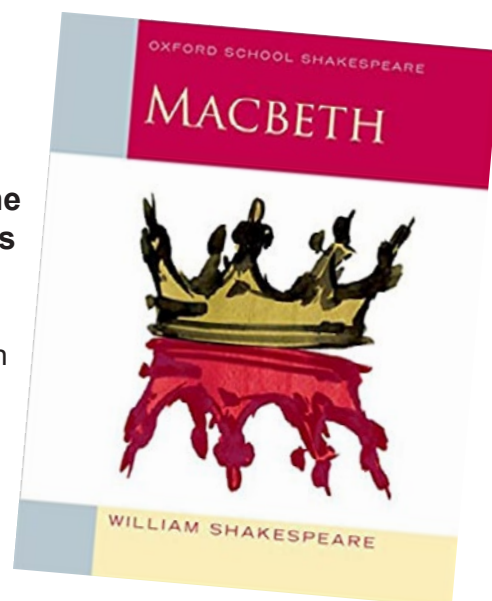

Year 10 English Literature

Year 10 start their study of Shakespeare's Macbeth after the February half term break and it's in everyone's best interests for pupils to have their own copy.

Department stock is exceptionally low and each learner having their own copy is going to mean their annotation and revision is so much easier!

We recommend
the Oxford School
edition ISBN:
9780198324003

Mrs Gidden
Head of English

After receiving lots of nominations, the Science Department has chosen one student from each year group as its first...

Scientist of the Week

Year 7 - James C – Nominated by Mr Bedford for his consistently good attitude for learning.

Year 8 – Bradley G – Nominated by Mr Cox for his positive work ethic and contributions in lesson.

Year 9 – Alfie K – Nominated by Mrs Massey for showing a great attitude for learning when starting a new chemistry topic.

Year 10 – Patrick B – Nominated by Miss Nouraghaei for showing great knowledge of Atoms and Radiation and a positive attitude to learning.

Year 11 - Katie B – Nominated by Mrs Massey for consistently showing a great attitude to learning.

All pupils will receive a certificate and prize from their class teacher.

Miss Nouraghaei
Assistant Head of Science

Joyeuse Saint Valentin

Translator

CAREER
CHECK

Translation is the process of rendering a piece of text understandable to a target audience. Translators normally translate from a second language into their native tongue.

Unlike interpreters, who sometimes share the spotlight, translators often work behind the scenes, patiently converting words, thoughts and intent into a different language.

Translators play a crucial role in our society and there are many different types. In addition to literary translators, you've got your specialised translators who work in different fields, legal translators, medical translators...

Year 8, Ronnie P, is
is week's **Linguist
Of The Week.**

Mr Taylor said "Since he
joined us at Priory, Ronnie
has really worked hard

in French, always asks if he doesn't understand
and, overall shows a great attitude to learning a
language. He has made rapid improvements and it's
been really pleasing to see."

Mrs Scully, Mrs Bailey & Mr Taylor

United Kingdom
Mathematics Trust

Maths Pupils Put To The Test For National Challenge

Last week, students from Years 9, 10 and 11 took part in the United Kingdom Mathematical Trust Challenge (UKMT).

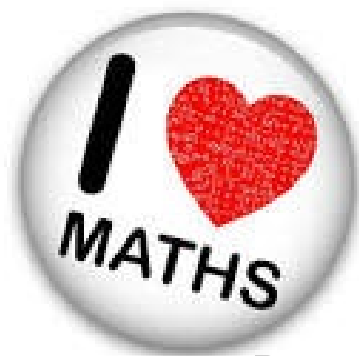

This is a rigorous competition which pushes pupils to use all their knowledge to answer 25 extremely difficult questions. It encourages mathematical reasoning, precision of thought, and fluency in using basic mathematical techniques to solve interesting problems.

The UKMT is a charity founded in 1996 to help children's education in maths within the UK and the problems on the Intermediate Mathematical Challenge are designed to make students think. Most are accessible, yet still challenge those with more experience.

Maths teacher, Mr Hunter, who leads the school's entry explained, *"Pupils are competing against the rest of the country as this is a national competition. When the answer sheets are marked, pupils will have a chance to gain a bronze, silver or gold certificate which are only given to pupils who manage to get into the top percentages across the country."*

"It takes a few weeks for the results to come through but I'm confident, after previous years' success, that they've done well."

The Junior UKMT challenge for Year 7 and 8 will be taking place on 27 and 28 April, so our younger pupils will get a chance to compete then.

Mr Hunter
Maths Teacher

The Headteacher's Log Book - *How things have changed!*

Not quite the 'Captain's log' but back in the day the Headteacher at the time, Mr Summers, kept a journal to record the day's key events. We have recently discovered some of these beautifully scribed logs in our archives and our resident historian, History teacher Mr Eccles, has revelled in them to find 'picks' which we will find amusing to read today. How things have changed!

13th February 1964:

Half term film shown - North West Frontier. The Rev T. Jenkinson talked to the Fifth Year about a visit he had recently made to the United States. School closed for Half Term.

Mr Eccles
Lead Teacher of History

Humanities Department Ready To Reward With New Postcards

There will be new Humanities rewards postcards sent out next term!

The Humanities department ran a competition for pupils to design the postcards, which will be sent home to parents/carers of those who have worked hard in one of the subject areas.

The postcard design had to include History, Geography and Religious Education and the winner was Year 7 Freya with Jessica the runner-up, with both postcards now printed using their artwork.

Freya said: "It took me around two nights to design, using symbols in the main picture and key words from each subject around the edge of the postcard. I am happy to have won."

Jessica said: "It took me around a week to design. I used a Roman helmet and spear for History, a cross for Christianity and a star and crescent for Islam and a map for geography."

Mr Metcalfe said: "With the support of the whole Humanities Faculty, this was a really successful competition. Students were tasked to design a postcard that encompassed all of the three subject disciplines of Geography, History and RE in one image. There were many brilliant entries and we would like to thank all those students to submitted designs. The ultimate winners were chosen by my team, and well deserved winners they were. It will be great for students to see their artwork being shared with other students and parents when praise postcards are sent home"

Learn to succeed

Year 10 Get Thinking About RE

Mrs Ham is certainly getting pupils to think in her GCSE Religious Education classes.

As well as covering the study of Christianity and Islam, pupils will also look at religious, philosophical and ethical studies in the modern world such as human rights, good and evil, life and death and relationships.

RE teacher Mrs Ham said: "This is our first GCSE Key Stage 4 group in Religious Education and we hope Year 9s will consider Religious Education in their options."

"We look at Christianity and Islam and their beliefs and practices but touch on all world religions. We also cover subjects such as euthanasia, suicide, abortion and issues in our modern day lives. The pupils studying it at present are finding it really interesting."

Holly said: "It's a fun subject, getting to know what other people believe and learning about other religions. It's a lesson where you have to think a lot."

Aleasha said: "I enjoy it because I learn about other religions and cultures. It gives you a better understanding of the world."

Mimi said: "It's interesting as you learn about things from other people's perspectives."

Toby added: "I find it interesting learning about what other people believe."

Mrs Ham, with History teacher Miss Ackers, also run at Debate Club every Wednesday lunch-time which is popular. "We debate everything from uniforms to gun control and it can get quite lively!" added Mrs Ham.

*Mrs Ham
Lead Teacher for RE & Head of year 10*

Mrs Gidden's Cool Readers Club

Here's what our Cool Readers Club is all about...

They stopped when Covid first hit but now they're back. These are our reading stars put forward by their English teacher. We interview them about their current book, what they like reading about and what they like to do when they're not reading.

Introducing, Layla...

Layla H admits she is a late starter to reading Harry Potter but she is enjoying the books!

Year 8 Layla has just finished the first in the series 'The Philosopher's Stone.'

"It is quite long!" said Layla. "I have seen the films but I prefer the books as they include a lot more which aren't in the films. I have just started the next one."

"My favourite author is Jacqueline Wilson, who has written books such as 'The Story of Tracy Beaker.' I like them as they are relatable and they are like real life and based in schools."

"I also enjoy art and English lessons, in my spare time I like colouring and making up my own stories."

"In the future, I would like to be an author or a policewoman."

Mrs Gidden added, "Layla is an absolute delight in the English department; she's a librarian and goes above and beyond in lessons and competitions, regularly topping the AR and Bedrock leaderboards. If she's as devoted in her future career in the police as she is to reading, those bad guys better watch out!"

Answer to ICT cipher: Priory is the best

Learn to succeed

ICT Goes 3D and Needs Pupil Help!

The ICT & Computing Department has been gifted with a 3D printer...

...And now Head of Department, Mrs Qadri, is inviting pupils to get to know the BAE Systems' funded piece of equipment.

Pupils who wish to put themselves forward for this exciting opportunity will learn how to set up and operate the machine along with picking up some basic maintenance and trouble shooting pointers.

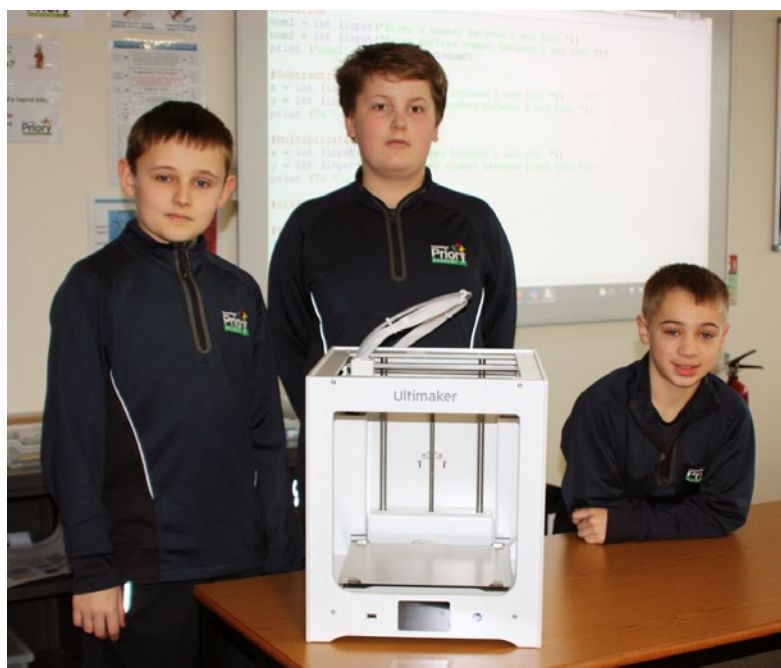

Pupils from all year groups are encouraged to get involved and should see Mrs Qadri to check out Priory's new gadget and to sign up for training.

Talking about the benefits of opportunities like this, Head of Learning for Life Mrs Hopes, added *"Many of our youngsters are too young to apply for part time jobs, but voluntary work in school gives them responsibility, creates a sense of team, provides employability skills, achieves PiXL Edge criteria, and supports job and college applications."*

At the end of next month, selected Year 8 pupils will also take part in an Inspiring Lancashire Project working with Create Education to provide a 3D printing workshop. The BAE Systems' funded event will also include targeted career advice for the age group.

Thank you to Ethan, Dylan and Oliver for posing next to our latest addition to the department!

Mrs Qadri
Head of ICT &
Computing

3D PRINTER ASSISTANT

Are you interested in
working with a
3D Printer?

- Learn how to set up and operate the 3D printer along with some basic troubleshooting and maintenance.
- Be an expert in Designing Products
- Assistants wanted from all year groups

Come and see the 3D Printer in Hex1 and speak to Mrs Qadri for more details.

Learn to succeed

What's the best thing you've learnt this week?

Every week, Miss Thornton, ventures out of the classroom to chat with our pupils and find out what they've really enjoyed the most about their learning this week.

Here's what they said:

Year 7 pupil, speaking about his Art lesson with Mrs Hopes...

"I learnt how to mix different colours and hues. I made a dirty green colour with a mix of yellow, blue and just a tiny bit of red."

Year 11 pupil, speaking about her English lesson with Mr Owen...

"I learnt how to write a formal letter, using anecdotes to back up my ideas. I also learnt how to use statistics to prove your point. I was a bit unsure how to do it at first but Sir helped me and then I got it.."

Year 11 pupil speaking about her History lesson with Mr Eccles...

"We are doing revision at the moment and he makes sure everyone is involved and that everyone understands."

Year 9 pupil speaking about his Engineering lesson with Miss Hardwick...

'We are using Tinkacad to design our own container houses. It's fun and we are learning about how these materials would be thrown away usually, so it's good for the environment too. I might live in one but only if it was well designed.'

Miss Thornton
Lead Practitioner for
Teaching & Learning

At Penwortham Priory Academy the Learning for Life curriculum is designed to support the promotion of excellence for pupils and do all it can to improve their life chances.

Pupils have two 15 minute Learning for Life lessons each week where they will participate in the curriculum shown opposite.

Where you will learn things you will need and will use, now and in the future

On the curriculum w/c 21 February

Year 7	Spring Term - Theme: 'Expressing Myself Effectively' Kindness - what does it look like?
Year 8	Spring Term - Theme: 'Thinking With a Clear Head' Positivity
Year 9	Spring Term - Theme: 'Adapting my voice' Communication and the workplace
Year 10	Spring Term - Theme: 'Owning my actions' Emotional, psychological and physical resilience
Year 11	Spring Term - Theme: 'Charting the course' Leadership and humility

Bringing music to your ears at break and lunch

MABAL is music played through the school's tannoy system during break and lunch. Chosen by Mr Taylor, Lead Teacher for Music, this is designed to offer exposure to the curriculum in different ways, and support pupils' appreciation of music.

The focus is on one theme each week across a genre, a country or from history. The theme could also link to the season or an event in school, such as the production.

After half term it's all about:

Your Songs - Pupils

Throughout the first week after the half term break, we'd like to play music of pupils' choice with one day per year group; Year 7 Monday through to Year 11 on Friday.

So, during w/c 21 February what music would you like to hear through the speakers at break and lunch?

From Adele to the Zutons via Oasis and Peppa Pig, music will play on a shuffle starting from 8am and resume at break and lunch. Please send your song title and artist via your Year Group Teams or Chat and we'll pop your song into the playlist for the appropriate day.

Your Songs - Staff

The following week, teachers and support staff will be putting their songs forward although it will be the No 1 songs of the week they were born. From our apprentice to our longest serving teachers - there's sure to be an eclectic mixture of vibes coming through the speakers that week!

Future weeks' theme suggestions are welcomed - pupils/staff should see Mr Taylor, email a.taylor@priory.lancs.sch.uk or contact via Teams.

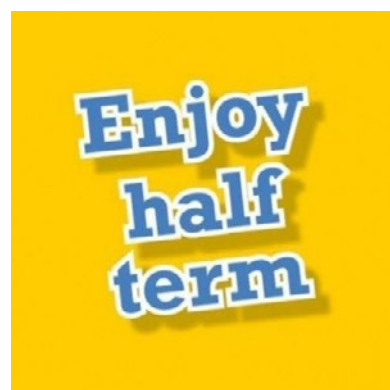

Mr Taylor
Lead Teacher of Music

School closes today for the half term break.

Mon, 14 - Fri, 18 Feb

We hope everyone enjoys their week off and we'll see pupils back in school on Monday, 21 February.

COMMUNITY & CHARITY

Parking At School: A Polite Notice

Following complaints from local residents, we would like to politely remind parents to park courteously, allow for clear passage of other vehicles and not to block driveways when dropping pupils off or collecting them at the end of the school day.

Speed around Crow Hills Road and Crookings Lane has also been raised as an issue. The maximum speed around this area is 20 mph.

By parking in a legal and considerate manner, congestion will be reduced and safety increased thereby allowing for the least amount of disruption possible for parents and local residents. This may mean parking a little further away from the school.

We recognise that this may be one or two individuals and appreciate everyone's co-operation in respecting our community and keeping everyone safe.

*Thank you for
your support*

E-Scooters

E-Scooters have been promoted in the media as an eco-friendly method of transport and it is inevitable that some students will receive one of these as a present.

Currently it is illegal to ride an E-Scooter on a public road or pavement in Lancashire. They are classed as a motor vehicle and subject to the same legal requirements such as MOT, Tax, Licensing and Insurance.

They cannot be ridden on the public highway and so should not be ridden to school.

Why am I being given this flyer?

Because it's currently against the law to ride an e-scooter on a public road or pavement.

Careers Advice at Priory

After the half term break, Mrs Khan will be changing her day at Priory to a Thursday. See opposite for dates.

Mrs Khan offers impartial careers, education, information and advice and guidance (CEIAG) on careers that suit your interests and abilities.

Pupils may wish to meet with Mrs Khan to discuss the various post 16 career pathways on offer at colleges, with employers through apprenticeship or training programmes, life at university and degree courses, or signposting for potential work experience.

Mrs Khan can be found in the Careers Office along the pastoral corridor.

Parents and pupils can email her at : s.khan@priory.lancs.sch.uk

Myerscough College Virtual Careers Event

Accessible from Mon, 14 February – Sun, 20 February

The college is holding its virtual careers event for students for a set period and they invite Year 10 & 11 pupils to visit virtually during half term.

Pupils will be able to watch recorded career talks, employer information and access the range of helpful resources on offer, at your own leisure.

There are approximately 50 employers with booths from a wide range of career areas as well as their own School Liaison and Higher Education booths. This event will be particularly helpful for any pupils interested in coming to Myerscough and for those unsure about their post-16 or university options.

**Myerscough
College**

Pupils should register with their school email address, by following the link below and selecting the 'School' option in the drop down box: <https://myerscoughcollege.vfairs.com/en/>

If you have any questions, please contact the School Liaison Team at tel: 01995 642310 or 01995 642341
