Priory Plants A Tree For The Jubilee

Priory is introducing 30 new trees to its award-winning grounds as part of the Queen's Jubilee Tree Planting initiative.

The Queen's Green Canopy is a unique tree planting initiative created to mark Her Majesty's Platinum Jubilee, inviting people from across the UK to 'Plant a Tree for the Jubilee.'

Priory has got involved through the Woodland Trust's Free Trees for Schools and Communities Scheme and this 'Wild Cherry' tree is now at the front of the school.

Learning for Life Co-Ordinator & Maths Teacher, Mr Raynor said: "We are always looking to help the environment and this is a good way for our school to get involved with the Queen's Jubilee.

"We are very proud of the Priory estate, we have won several Britain in Bloom school awards, and Mr Farron works very hard on them.

"We have 30 saplings to plant in all different areas of the school and it's an opportunity to do something for future generations."

Attention Year 10 Pupils: Prefect Applications Now Open

It's that time of year again when we ask Year 10 pupils to consider applying for senior places at Penwortham Priory Academy. Please refer to the 'How to Apply' document on the Year 10 year group Teams which will tell you everything you need to know in order to apply for the following positions:

- Prefects
- Sports Captains
- House Captains
- Head Prefects

Prefects are senior positions in Year 11. We expect prefects to be supportive of staff and represent the school at various events during the academic year. Some are compulsory and some you can sign up for during the year.

Prefects set an example at all times. They are role models to the rest of the school. Therefore they must uphold the highest standards at all times – including uniform, adherence to school rules, effort, attendance, punctuality, attitude, respect, manners, motivation to work etc.

Application is via letter which should be handed in to the school office before the closing date of Friday, 10 June at 3.20pm

Enquiries to Mrs Ham, Head of Year 10.

Year 7: Rainbow Biscuits

After school last Friday, Mrs Cowell invited Year 7 pupils to join her for a Creative Cookery class where they baked rainbow biscuits.

Pupils got to experience using food colouring pastes which gave the intense colours without the wetness of a liquid colour. The side effect was that they did end up with rainbow hands too but Mrs Cowell assured them they wouldn't have to permanently change their surnames to 'Unicorn' or 'Rainbow' as the effect would wear off! A handful of the cookies were finished with edible glue and coloured sugar strands.

Hope you had fun: Anees U-R, Grace P, Charlie McC, Jessica L, Nina A-R, Jessica D, Harriet H, Phoebe W, Wiktorina C-C

Lochlan's Charity Bike Ride Success

Year 9 pupil, Lochlan, used pedal power to raise money for the RSPCA.

Lochlan, alongside his dad, completed the Coast-to-Coast 139 mile journey in just over 12 hours, which was just over two and half days of cycling!

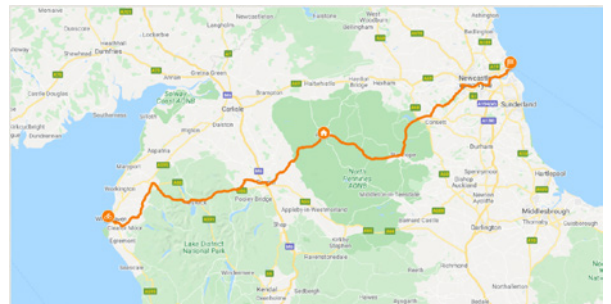

Lochlan's dad told us, *"He did fantastically well on the ride and really showed that his training paid off."*

So far Lochlan has raised £580 and with everyone's support he hopes to reach £750.

Setting off on 12 May, after taking the train to Whitehaven at 5am, the pair began their journey from there and rode onto Penrith in just over 5.5 hours - 62 miles and some big hills!

The next day Lochlan and his dad rode to the village of Rookhope with their biggest climbs including Hartside Pass which opened out to the whole of the Yorkshire moors. At 1900ft, Lochlan completed it with ease. Sunderland was the final stage although it meant they needed to complete 18 miles off road which was tough, with the last 25 miles being a quiet ride down to arrive at their destination.

Dad said, *"Thanks for all the support, I'm very proud of what Lochlan has achieved and I'm thankful to everyone at the school."*

Mrs Gidden's Cool Readers Club

Here's what our Cool Readers Club is all about...

They stopped when Covid first hit but now they're back. These are our reading stars put forward by their English teacher. We interview them about their current book, what they like reading about and what they like to do when they're not reading.

Introducing, Alexa...

she's reading – as I'm a fan of them too! I'm hoping her love of the mythology explored in Sophie Anderson's book supports her curiosity about the world around her – specifically her love of foreign languages."

Alexa is super sporty but does find time for reading.

Alexa enjoys swimming and is aiming to swim at Leyland Barracudas Swimming Club competitively, she plays netball for Newman and is also part of D&T Dance and Fitness.

"We do all kinds of dance such as street, hip hop, cheer, lyrical and contemporary," said Year 7 Alexa.

She is currently reading 'The House with Chicken Legs' by Sophie Anderson.

"It's about a house with chicken legs which travels to different places, people live there and they guide the dead through the gate. I like fantasy books the best.

"I like the author Katherine Rundell and I enjoyed the book 'The Explorer' which is an adventure book and there are new worlds to learn about."

In school Alexa said: "My favourite subject is French, I like to learn new languages."

Alexa's English teacher, Ms Smith added,

"Alexa is a marvellous reader and we often discuss the books

Bringing music to your ears at break and lunch

MABAL is music played through the school's tannoy system during break and lunch. Chosen by Mr Taylor, Lead Teacher for Music, this is designed to offer exposure to the curriculum in different ways, and support pupils' appreciation of music.

The focus is on one theme each week across a genre, a country or from history. The theme could also link to the season or an event in school, such as the production.

After half term it's all about: The Noughties

The decade from 2000 to 2009.

In the 2000s, the popularity of teen pop carried over from the 1990s with acts such as *NSYNC, Backstreet Boys, Britney Spears, and Christina Aguilera dominating the charts in the earlier years of the decade. Contemporary R&B was one of the most popular genres of the decade with artists like Usher, Alicia Keys, Beyoncé, and Rihanna.

In Britain, Britpop and alternative rock were at the height of their popularity with acts such as Coldplay, The Libertines, Oasis, Travis, Dido, Blur and Radiohead.

Hip hop music achieved major mainstream status after the 1990s following the deaths of many prominent artists such as 2Pac and The Notorious B.I.G.

Country music continued to rise in sales, having a strong niche in the music industry. The genre saw the rise of new front-runners like Taylor Swift, Carrie Underwood and Miley Cyrus, who appealed to a mainstream audience.

Electronic music was also popular throughout the decade; with genres such as trance, chillout, house and Eurodance being popular.

The internet allowed for unprecedented access to music and made it possible for artists to distribute their music freely without label backing and for consumers to create their own unique playlists as opposed to being restricted to the CD album of the 1990s.

Future weeks' theme suggestions are very much welcomed - pupils/staff should see Mr Taylor, email a.taylor@priory.lancs.sch.uk or contact via Teams.

All schools have been asked by colleagues at Preston City Council and Lancashire Fire & Rescue to share the following. This is to raise awareness of the recent serious fires in Preston.

Dear Parent/Guardian,

Over the last two weeks, there have been a number of serious fires in Preston City Centre. You may have seen in the local news the fires at the old Odeon Cinema/Evoque nightclub and at the old orphanage on Mount Street

These fires have caused significant damage and disruption in Preston, and it is fortunate that no one has been injured. It has taken Lancashire Fire and Rescue Service's firefighters hundreds of hours to extinguish and involved numerous resources which reduces the available cover for response to further emergency incidents, putting further lives at risk.

Following a joint police and fire investigation, the causes of these fires have been recorded as deliberate and three juveniles have been arrested and have been bailed pending further enquiries, a fourth juvenile was interviewed under caution and released under investigation pending further investigation.

Over the school holidays, please make sure you know where your children are; if they are near other children or adults who are deliberately setting fire to property, they risk being seriously injured or prosecuted.

If you think your child has developed a fascination with fire and who have exposed themselves or others to the risk, you can book a place for your child on the Fire Intervention Response Education Scheme (FIRES) by visiting our website: www.lancsfireandrescue.org.uk/education/secondary

Engineering Taster Weeks

Our taster weeks offer you the opportunity to gain valuable experience and an insight into the aerospace and defence industry.

Gain a unique insight into the work of an engineer...

At BAE Systems, we provide some of the world's most advanced, technology-led defence, aerospace and security solutions. We employ a skilled workforce of 89,600 people in more than 40 countries. Working with customers and local partners, we develop, engineer, manufacture, and support products and systems to deliver military capability, protect national security and people, and keep critical information and infrastructure secure.

What is it and where?

This is an online work experience programme running over five days.

You will work on meaningful engineering projects, and virtually meet engineers and technologists from across our business.

This will provide an opportunity to learn about our products and how we work.

Who are we looking for?

We are looking for 16-18 years olds, who are UK residents and currently in full-time education.

If you are interested in engineering as a career path through higher education or apprenticeship schemes then this will give you the insight needed to make those big decisions in life.

How does this help you?

Working in a supportive and inclusive environment, you will develop fundamental skills such as communication, collaboration, and creativity.

You will gain an insight into the different sectors of engineering, whilst learning what it is like to work at global technology company.
