Year 8 Pupils Discover Careers of the Future with 3D Printing Workshop

Sixty Year 8 pupils were selected by Head of ICT & Computer Science, Mrs Qadri, to take part in an exciting #InspiringLancashire project last Tuesday, funded by BAE Systems.

Priory was given a 3D printer as part of the link-up and we have worked with CREATE Education to deliver the school-based 3D Printing Workshop Day. Mrs Qadri and Mrs Saunders had taken part in a training day at CREATE Education in Chorley and part of the project was that BAE Systems, through CREATE, will offer 60 Year 8 students a 3D Printing Workshop Day as well as a day of careers advice.

"BAE Systems want to create more jobs in the future in the Lancashire area and they hope, by training pupils on such items as 3D printers and show how they are used in their business, this will give them an understanding of the careers available to them and the chance to stay in Lancashire for the jobs," said Mrs Qadri.

"A 3D printer is expensive, around £3,000, so we are delighted to have one in school," she added.

At the Workshop, the pupils designed a mini rocket ship and printed it as well as learnt simple CAD/CAM skills."

Students were working at a much faster pace than when we ran the event last year and they even managed to personalise their rocket ships with their names.

"I will have a big job to get all their designs 3D printed in different colours over the next few weeks," said Mrs Qadri.

Now that students have developed their design skills, they will also be taking part in an Inspiring Lancashire Challenge Project where they will have to design a prototype product (or a part for a product) that will either:

- help in one small way to improve the environment in or around a local waterway (river, canal, lake or sea) or
- improve the habitat for one or more species of local wildlife.

Look out for more information about this project in the Autumn term.

Stanley Park Athletics Event

**SPORTS
REPORT**

The sun was shining down on our Priory athletes at the annual South Ribble Athletics competition held at Stanley Park, Blackpool.

We got off to a slow but steady start, gradually picking up speed with Year 8 Taylor K and Year 9 Jane W kicking off podium proceedings both finishing in 3rd for the 1500m. This was shortly followed by Year 7 Excellence I with a second place in the 800m battle.

After the long distance events commenced it was time for the sprints.

Not only was the weather hotting up, but so were the heats, with a record 6 out of 6 Priory pupils making it into the finals for the 100m for each year group and each gender.

As the finals began, the medal tally was speedily increasing with a fantastic trio of second places from Isaac S, Felix D and Solange P and a very respectable 3rd place from Lewis W. There was no stopping Isaac who doubled his medal count with a 3rd place in the 200m finals.

However it was Year 7 Oliver C who literally destroyed the field on the 300m, winning by a huge margin against his competitors, taking gold!

Over on the field events, the success continued for Year 9 with Ruby E standing strong for the girls in the gold medal position with a fantastic distance of over 22m in the discus. Ronnie P sailed to 2nd place in the long jump, with team mates Ben T and Xander C receiving bronze in the javelin and discus respectively.

In Year 8, Taejuan S jumped to victory in the triple jump, Josh K finished in 3rd in long jump and to top the day off in style with double success was Anees U-R with 2nd place in the javelin and 1st in the discus, throwing over 28m.

The relays as always provide an exciting end to the track events, both the girls and the boys teams

Learn to succeed

ran some fantastic heats, however it was the Year 9 boys who battled it out for podium positions with an extremely close race, finishing in 3rd.

The overall results were then announced:

Year 7 boys - 4th Year 7 girls - 7th
Year 8 boys - 4th Year 8 girls - 10th
Year 9 boys - 4th Year 9 girls - 7th

Overall: Year 7 - 4th, Year 8 - 5th, Year 9 - 4th

Resulting in an overall 4th position from Priory against all eleven South Ribble schools.

We would like to thank all students who represented Priory last week. We are very proud of the efforts they made in their individual events and the team relays which produced our most successful tally of 18 podium positions, which I am sure you can agree is an amazing result all round.

PE teacher, Miss Beesley said, "They demonstrated resilience through the tough weather conditions and supported each other with great teamwork and sportsmanship - well done!"

Year 7 Parents Evening – English

Important Notice

We hope that your son/daughter has enjoyed their first year with us, here at Priory, in their English lessons.

I'm sure that you have had many discussions about their work fighting evil wizards in Kraznir, delivering their speech and, more recently, discovering what life as a refugee might be like.

Over the course of the year, we have had some staff leave the school and have been fortunate to gain English specialist supply staff to fill these absences. However, supply staff are not required to complete activities such as reports or Parents' Evenings. Therefore, we will not be asking you to make appointments with your child's English teacher at the forthcoming Parents' Evening if your child is in 7W1, 7E1 or 7W2.

However, please rest assured that the staff are regularly communicating about the progress of our pupils; should we have any concerns about the progress of your son/daughter a member of the team will contact you to discuss this at a mutually convenient time.

May I take this opportunity to thank you for your support in your child's first year with us here

HISTORY

Year 9 History Competition

Before the half term break, History Teacher Miss Ackers, presented Year 9 with a challenge to create a piece of research on whatever period of history interested them in order to receive a highly coveted History pin badge.

Entries came in the form of PowerPoints, Word documents and hand-written posters.

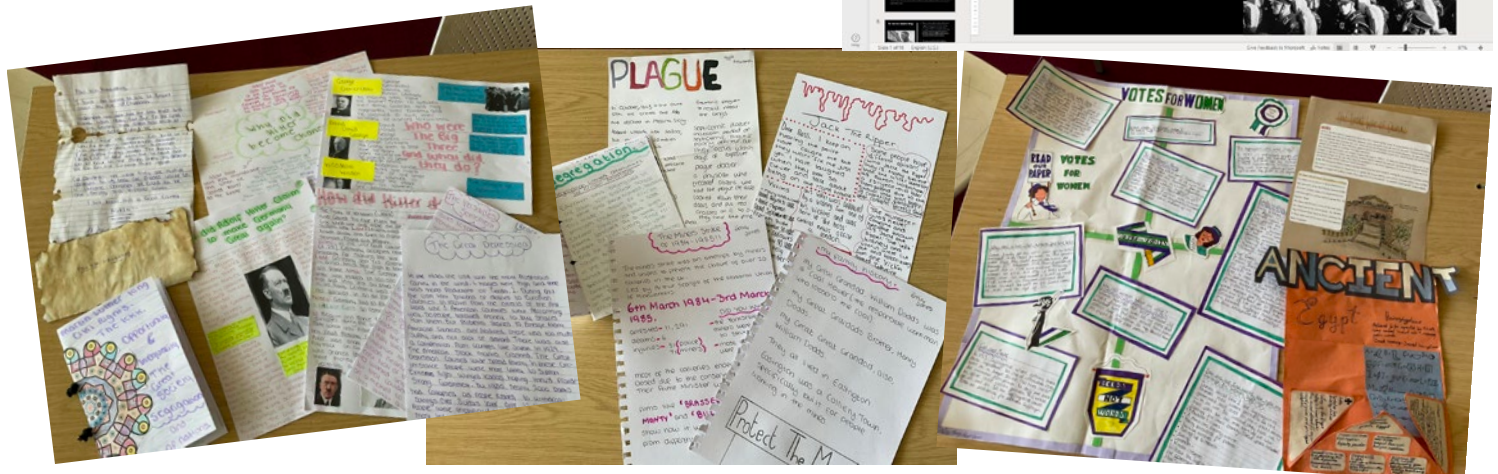

Miss Ackers said, "I set the students a voluntary challenge of creating their own piece of History research on whatever topic interested them in order to obtain one of our department's pin badges.

"I was absolutely blown away by the 26 students who participated and the amount of work that they had put into their projects. We had presentations on the Egyptians, Hitler's Rise to Power, the Suffragettes and much more.

"We have so many talented Historians at Priory; hopefully this has inspired a further love of History and research. I am so proud of all of the students and can't wait to see their badges proudly displayed on their blazers."

Well done to everyone who entered. Badges and certificates are on their way and will be presented in the Year 9 assembly.

Wear your badge with pride: Tasha C, Keshav C, Joseph B, Bradley G, Lauren C, Lewis A, Jane W, Riley C, Lola P, Sophia T, Layla H, Agnes K, Christopher C, Abbie S, Emma B, Evie W, Chloe W, Ruby E, Hannah B, Geetha D-R, Emily J, Ella G, Rhea B, DaMari S, Tilly P, Niamh P.

Mrs Elliott's Cool Readers Club

Here's what our Cool Readers Club is all about...

These are our reading stars put forward by their English teacher. We interview them about their current book, what they like reading about and what they like to do when they're not reading.

Introducing, Will...

Will wants to go into engineering but he also takes time in a busy schedule to read.

"I am currently reading 'Hunger Games' by Suzanne Collins. It's the first in a trilogy and I aim to read them all.

"I am going to read all the series before watching the films.

"My favourite books are The Maze Runner series. I like futuristic books, with plenty of action.

"Out of school I enjoy walking my two Cockerpoos with my dad at the local park.

"In school my favourite subjects are Maths or Technology. My dad works as a welder fabricator, he makes gates, so I would like to go into engineering and do something like that."

Will's English teacher, Mrs Robinson-Ali, added,

"Will loves to read and has hurried his way through the entire Alex Ryder collection since starting in September. He loves to update me at the start of lessons on what he's

read and gives me a review of the book so far. In lesson, we are reading Refugee Boy and he's hooked on the plot of this novel too, making fantastic predictions about

what's to come! Keep up the fantastic reading, Will!"

Assistant Head of Maths Mr Henshaw, along with the Maths Department, ran a competition asking pupils to say what they particularly enjoy about the subject.

Pupils were tasked with completing the following sentence, "**I love Maths because...**" and qualifying responses were awarded with an I love Maths badge.

Here's why Year 9 Abbie and Jane love Maths:

Abbie..

...because it is a universal language as every country speaks maths. I think maths is challenging and tests your brain and can be helpful and beneficial in many other lessons. It is rewarding when you finally work out an answer to a question that has been particularly difficult. Maths is enjoyable and a great subject.

Jane...

...because there is always a right answer to find, and when you find it, you get to feel happy and successful. I also like the fact that maths will get your brain working and develop your skills.

Pupils that want to claim an 'I love Maths' badge should simply click the link below to access the survey and write Mr Henshaw a sentence or two explaining why they love maths. The best responses from each year group will be selected and also featured here in our article. <https://forms.office.com/r/PX8A5GBMzR>
