

Penwortham Priory Post

A Fantastic First Half Term for Year 7

It's always good to catch up with our Year 7s and find out how they have enjoyed their first few months at Priory.

Amelia says she has settled in easily after arriving from Cop Lane Primary School.

"The teachers are very welcoming and the school is nice. It's obviously a lot bigger than primary school and we change teachers rather than have one teacher which is something I have had to get used to.

"My favourite lesson is English or Technology. I have also learnt a lot in Science. I have joined a few clubs, like football.

Isabella, from Broad Oak, said: "I like it a lot. The teachers are good and I have learnt a lot already. It was not scary at all. My favourite subject is Technology and I have joined the netball club. I have made a lot of friends."

Leo went to Howick CofE Primary School. He said: "I like a lot of activities at Priory, like football. I have settled in easily and found my way around quickly. My favourite subject is Science."

Lily also went to Howick. She said: "My favourite subject is French. I like learning a new language and I love my teacher, Mrs Bailey. I want to be an archaeologist or a judge."

Amber went to Middleforth and she said: "PE is my favourite subject, I enjoy all

the different lessons.”

Mike, from Whitefield Primary School, said: “I like Technology. The work we do is interesting.”

Eesa, also from Whitefield, said: “My favourite lessons are Computing and PE. I like that there are a lot of things to do at Priory.”

Head of Year 7, Mrs Farley, summed up their first half term by saying, “We know it can be so overwhelming,

starting a new school, never mind one with 750 pupils in it, but they’re all doing extremely well. They’ve taken it all in their stride, and it feels like they’ve been here for ages!

“We’ve had the usual mishaps with PE kits and remembering locker codes, but that’s all to be expected. It’s great to see them forming their new friendships, and getting out and about around school, and at all the extra-curricular clubs too. They’re really getting stuck in to all that we have to offer.”

Somewhere over the...

We were treated to a spectacular sight on Thursday when a rainbow appeared over our school following a morning of ever-changing weather.

With sunshine and showers creating perfect rainbow conditions, several members of staff captured stunning photographs of the colourful display as it stretched across our award-winning gardens and grounds, providing a wonderful backdrop to our already picturesque setting. Adding to the collection, Mrs Bullock managed to spot a double rainbow while out with her PE class.

A Spook-tacular Evening for Year 7

What a night! Our Halloween Disco was a frighteningly fantastic evening filled with brilliant costumes, games, hot dogs and plenty of dancing.

Staff were blown away by the effort our Year 7 pupils had put into their costumes, with Austin S, Thomas J and Georgia H eventually taking home the coveted Best Dressed prizes.

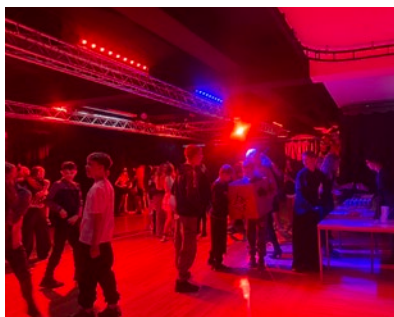

The dance floor was certainly the place to be. Pupils threw themselves into the music, while staff showed that the adults weren't going to be outdone, treating everyone to some of their very best moves!

The biggest congratulations, though, must go to all of our pupils. Their behaviour throughout the evening was impeccable, and it was fantastic to see everyone enjoying themselves and getting involved.

A special thank you goes to all the staff who supported the evening and helped make it possible – we truly appreciated this.

Hot dogs eaten. Games played. Dance moves unleashed. Halloween 2026 completed.

Mrs Cavchi & Mr Metcalfe

Inter-House Cross Country

Following the school's annual Key Stage 3 Cross Country competition, the PE Department is now in a position to announce this year's results.

Pupils from across Years 7, 8 and 9 rose to the challenge of a demanding 1.5km woodland course, producing some excellent performances along the way.

The top six runners from each year group will now go on to represent Priory at the South Ribble Cross Country Championships on Saturday, 14 November at Hutton Grammar School.

The House with the least number of points were the winners. **Ribble** sprinted into first place, with **Douglas** in Second, **Hodder** in Third despite an impressive result from the boys, and **Calder** pulling up the rear.

This year's top performing pupils, with the best times, for girls and boys were...

Reeva C (Year 8)
5 mins 45s (Douglas)

Charlie H (Year 9)
5 mins 0s (Hodder)

The Key Stage 4 selection is yet to be confirmed and the Championships will take place at Hutton Grammar on Friday, 13 November, during school time.

Letters have been given to qualifying Year 7-9 pupils and a copy can also be downloaded from the school website at >> www.priory.lancs.sch.uk/parents/letters

New Books Boost Bustling Priory Library

Head librarian and English teacher, Mrs Elliott, is encouraging even more pupils to make use of Priory's fabulous library.

It is already packed at breaks and lunch with pupils reading, quietly chatting or playing chess, and pupils who want to take books home can borrow books for up to four weeks, all tracked on the library's lending system.

Mrs Elliott's proud group of librarians help to run the library and they recently received a boost with almost £100 worth of free books from Scholastic after pupils bought books at September's Scholastic Book Fair.

Mrs Elliott said: "We love receiving new books. Pupils spent around £300 at the Scholastic Book Fair which meant we got £90 of free books.

"We know books are expensive nowadays so it's great that pupils have access to all these books, especially the new ones.

"We are also always open to receiving donations of books from home which can be used in our library.

"We want every year group to use our library – it's a big asset to the school."

On the negative side there are around 200 books overdue so please return any to Mrs Elliott - there won't be any fines!

Our librarians love working in the library. Year 9 Archie said: "I like the responsibility of being a librarian. I enjoy looking after the books and I like reading so it's good.

"We do have some books which haven't been returned so we do have to try and find them – one person has had a book for 700 days! 99% of people bring back books though!"

Alex said: "I enjoy the authority and responsibility of being a librarian. It's exciting when new books arrive. The library is organised well into alphabetical sections or a special section on authors."

Imogen said: "I like to see what books people read and I want to help them as I enjoy reading. The library does get busy!"

Year 7 Alfie said: "I wanted to be a librarian as I saw pupils with a special badge and I thought it looked cool. I want to get as many badges as I can!"

Mrs Elliott is aiming to start a book club for Years 7 and 8 so please look out for further information.

If there are any books at home which are in good condition and you would like to donate to our library, please drop them off with Mrs Elliott or email j.elliott@priory.lancs.sch.uk

Learn to succeed

It's early but we need to get the (snow)ball rolling!

This is one competition that all pupils can get involved with and each year we always look forward to seeing their amazing creative designs.

Last year we chose Year 10 Imogen's entry as our winning design and Year 8 Madison's artwork was too good to be left out so we included hers on the back of the card too. In fact, as Imogen has been a winner on more than one occasion, we've asked her to be one of this year's judges! Lead Teacher of Art, Mrs Shaw, will be heading up the judging panel once again alongside Mr Eastham and Communications & Marketing Manager, Mrs Yates.

So, when you're wondering what to do over the half term break, why not get your creative juices flowing and design the school's Christmas card for 2026 - there's Amazon vouchers and chocolate goodies up for grabs.

COMPETITION Design Priory's Christmas Card

**Closing Date:
Monday, 9 November**

How to enter...

Got a creative idea? We'd love to see it!

This is your chance to design Priory's official Christmas card and have your work sent to important people across the county.

What can you enter?

Create an original winter or Christmas-themed design that includes a connection to Priory.

You could submit:

- A painting or drawing
- A photograph of a model you've made
- A photograph of a Christmas bake you've created
- Digital artwork

Closing date:

Monday, 9 November

Competition rules

Your design must be your own original work | Artwork should be A4 or A3 size | Portrait or landscape format is fine | Include a winter or Christmas theme and a link to Priory.

How to enter

Hand your artwork in at the school office or to Mrs Shaw. Make sure you've written your name and class on the back! Photographs or digital artwork can be emailed to Mrs Shaw at L.Shaw@priory.lancs.sch.uk or sent to her via Teams.

What you could win

The overall winner will receive a £15 Amazon voucher and we'll turn your design into the school's Christmas card.

Two runners up will receive a £10 and £5 Amazon voucher respectively. All entrants who have demonstrated effort will receive achievement points and House points as this is also a House competition. We may also throw in some selection boxes too!

Celebrating Black History Month

On Wednesday, our school came together to celebrate Black History Month with a vibrant and meaningful food sale, recognising and appreciating the rich cultures, histories and contributions of Black communities.

Students and staff enjoyed a delicious array of traditional African and Caribbean treats, including Chin Chin, Puff Puff, Meat and Veg pastries and pies, cupcakes adorned with toppers featuring iconic Black figures from history and culture.

Amongst all this, it was a delight to welcome back Class of 2025, DaMari, for the event. Two years ago, DaMari helped shape how we celebrate Black History Month at Priory, working alongside Mrs Qadri, who leads our Equality & Diversity initiatives.

Reflecting on the importance of the month, he said at the time: "It's something I feel really strongly and passionately about. From an early age, my Mum and Dad taught me and my brother to know our worth and to know our history, and I am glad to have this opportunity to share that with others."

The event was not only a celebration of heritage, identity and culture but also an opportunity to support an important cause. We are proud to share that more than £100 was raised for Black Minds Matter, a charity providing free culturally appropriate mental health support for Black individuals.

Thank you to everyone who contributed, baked, bought, listened and supported. Your generosity and enthusiasm helped make the event a success and provided a wonderful opportunity to learn about, celebrate and appreciate Black culture and history.

Former Priory Pupil Shares Ai Expertise and Entrepreneurial Journey

Class of 2023 pupil Harry Westworth returned to Priory this week, meeting with his mentor Mrs Qadri and inspiring pupils to follow his entrepreneurial journey.

Harry, who is 19, only left Priory three years ago but returned to deliver speeches to pupils about Ai and revision as well as his own impressive career path.

He works for a company called Knowunity which is based in Berlin and is a popular student-focused Ai learning and revision platform.

Harry said: "Even in three years, Priory has changed a lot. I am just looking at the new Pod for food, it's very different but really nice.

"From primary school, I have always been interested in technology. I had an older brother at Priory and went to his Parents' Evening and met Mrs Qadri there. She pushed me to take Computer Science further.

"I started volunteering for Knowunity. I was an ambassador giving feedback on their revision platform whilst studying for my GCSEs at Priory

Harry went on to study at Preston College. He was awarded a scholarship there after gaining references from his volunteering work and from Mrs Qadri. Throughout college he was working for Knowunity and this pushed him to make his decision to move to Berlin after completing his studies.

"I moved up to Operations Assistant and have worked my way up, looking at Ai and the way we can improve our operations.

"I came into Priory on Monday and talked to a small group of pupils about Knowunity, which is an all-in-one revision platform, and got them to look at it for their revision and how it can motivate them – and discover if there were any problems.

"Then I gave two speeches on Thursday making them fun but educational.

"Firstly, I spoke about Ai. Ai is used globally and it is great but also a concern if used wrongly. I spoke about how to use it correctly for revision purposes; it's important to educate a young audience about it.

Continued over ...

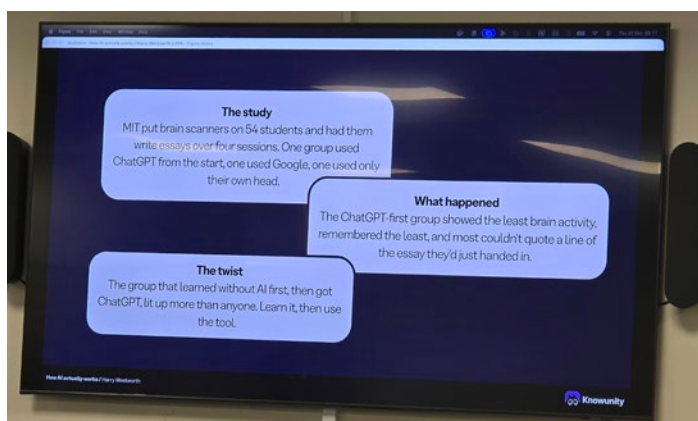

Learn to succeed

...continued from previous page

"Then I gave a second talk about Start Up companies and how students can get investment from many places if they have an idea that is good enough. I also spoke about my career path, a bit of background on my company and how to start a business and cultivate the entrepreneurial spirit.

"I was delighted to return – I enjoyed it all and seeing Mrs Qadri again and sitting in on a few Computer Science lessons where I was able to help students with their programming tasks."

The High Sheriff of Lancashire's

Young Citizen Award 2027

Do you know a young person
aged 19 or under, who has helped either their local neighbourhood, an individual, family member or a local organisation in the last 12 months?

The High Sheriff of Lancashire would like to hear from you!

The winner will receive £300
with two runner-up prizes of £100 each.

To nominate your candidate, please complete the online form at www.lanpac.co.uk or scan the QR code.
The closing date for nominations is 1st February 2027.
For more information email: lanpac@lancashire.police.uk

GCSE Revision Guides (Year 10)

The Science GCSE, either Combined Science or the optional Separate Science route, is perhaps the largest in terms of volume of content, hence the double (or triple) grade award. Having a revision

guide as a regularly used point of reference and review is a step towards success. For that reason, we are now offering revision guides for Year 10 to purchase as they begin their course.

There are a range of revision guides available for each GCSE subject. We have chosen the Oxford Revise series as they include far more embedded opportunities for practice - from quizzing to exam style questions - as well as a more structured presentation of content.

Below are the range of guides available. For those who have chosen the Separate Science option, the Separate Science books (set of three) are needed. Otherwise, the choice is between Combined Higher Tier and Combined Foundation Tier. If your child is not sure which they need, please direct them to ask their teacher before purchase.

Combined Science Higher Tier	£9
Combined Science Foundation Tier	£9
Separate Science (set of three)	£12

Payment must be made in advanced through your online SCOPay account. You will only need to purchase one of the above choices. We will order the revision guides based on advanced purchases so please ensure payment is made by Friday, 13 November. We will then distribute to pupils as soon as the order arrives.

Mr Bedford
Head of Science

Parents Evening Year 10

Year 10 parents are invited to meet online with their child's subject teachers.

Online - Tuesday, 3 November

This evening will be a four minute online meeting with each of your child's teachers to check on their progress at the start of Year 10, outline the structure of Year 10 and allow you to ask any questions about the next two years at Priory.

A letter has been emailed to parents which includes instructions on how to book appointments. A copy can also be downloaded from the school website at

www.priory.lancs.sch.uk/parents/letters.

The appointments should be booked through our web-based program, 'SchoolCloud Parents Evening'. This is also the same link you should use to access your appointment on the night.

BOOK NOW

Please note specific instructions regarding booking for Science and PE & Sport.

The link for parents to book their slot is now open.

<https://penworthampriory.schoolcloud.co.uk/>

To enable teachers to meet with as many parents/carers as possible, each appointment slot will be four minutes long. The appointments automatically stop after this time and teachers cannot extend the call. There is then a one minute gap before you are automatically transferred to the next teacher.

If you would like to speak to any other member of staff following this meeting, please feel free to contact them direct. A full email list can be found by visiting the link at >>

www.priory.lancs.sch.uk/parents/staff-contact-list

Learner of the Month Success for Year 11 Kenzie

We are delighted to celebrate the success of Kenzie, who is currently undertaking the 14-16 Construction course at Preston College, and has recently been awarded 'Learner of the Month'.

Kenzie achieved this recognition due to his outstanding work ethic, positive attitude, and commitment to developing his practical construction skills. Throughout the course, he has consistently demonstrated a willingness to learn, works hard in every session, and approaches new challenges with determination and maturity.

College staff have been particularly impressed with Kenzie's reliability, excellent attendance, and the professionalism he displays when completing both practical and classroom-based tasks. His enthusiasm for the construction industry and his ability to work effectively as part of a team have helped him stand out amongst his peers.

Mrs Holland, Priory's SENCo, added, "Receiving the Learner of the Month award is a fantastic achievement and reflects the effort Kenzie has put into his studies. We are incredibly proud of his success and the progress he continues to make as he prepares for his future education and career pathway."

Congratulations, Kenzie, on this well-deserved recognition. We look forward to hearing about your continued achievements throughout the year.

Former Pupil Shortlisted for NHS Trust Award

We are delighted to celebrate the success of former pupil Hannah Leahy (Class of 2013), who has been shortlisted for a prestigious award at the Lancashire Teaching Hospitals NHS Foundation Trust Our People Awards.

Hannah works as an Assistant Fundraiser for the Rosemere Cancer Foundation, based at Royal Preston Hospital, and was nominated in the Flying Start Award category. The award recognises colleagues who have gone above and beyond in their roles, and Hannah was praised for making an outstanding contribution during her first year with the charity.

Her colleagues described her as hard-working, forward-thinking and always willing to help, highlighting the positive impact she has had on both the Rosemere team and its supporters and volunteers.

Although she did not take home the award on the night, being shortlisted is a fantastic achievement and a fitting recognition of her dedication and commitment.

Congratulations, Hannah, from everyone at Priory. We wish you every continued success in your career.

Wonderful Wycoller: Year 11 Geography Fieldwork

Wellies on, clipboards ready and river measurements underway! Our Year 11 Geographers recently headed out to Wycoller to complete their GCSE river fieldwork.

The aim was to take what the Geography students have been learning in the classroom and test it in the real world. Throughout the visit, students investigated how the characteristics of the river changed, collecting measurements of width, depth and velocity alongside data on pebble size and roundness. Their results will allow them to assess how closely the river at Wycoller follows the Bradshaw Model.

Fieldwork isn't just about collecting numbers, though. Students also had to question the quality of their evidence, think about accuracy and reliability, and consider how their methods could be improved. Seeing students discussing their methods, solving problems and working together in the field was a real highlight.

Most importantly, our students were fabulous throughout. Their behaviour, attitude and engagement were a credit to themselves and to Priory, and it was fantastic to see them approaching their GCSE fieldwork with such maturity and enthusiasm.

Students will now write up their investigation in the classroom, and will then apply this to their Paper 3 exam preparation. The fieldwork is a crucial part of the GCSE Geography course, and this will now put them in pole position for that Paper 3 exam in the summer.

Finally, a very special thank you must go to Mr Watters, Mrs Cauchi, Mrs Simpson, Mrs Whalley and Mr F Eccles for supporting the visits. Fieldwork requires a real team effort and we recognise that without colleagues from across school generously giving their time and support, opportunities like these simply wouldn't be possible.

Well done, Year 11. Another successful Wycoller fieldwork completed!

Mr Metcalfe, Mrs Kurstis and Mr Mouniat

Celebrating Our Humanities Heroes

This term, we were proud to celebrate a number of pupils as our Humanities Heroes. These pupils were nominated by their teachers for demonstrating outstanding focus, a positive attitude to learning, and excellent independent learning across Humanities lessons.

As part of the award, pupils were invited into Mr Estham's office, where they had the opportunity to discuss their achievements and the reasons behind their nomination. They were then presented with a Humanities Heroes award in recognition of their hard work and commitment.

The award highlights the values that help pupils succeed in Humanities and recognises those who consistently go above and beyond in their learning. All of our Humanities Heroes should feel extremely proud of what they have achieved. Their dedication, enthusiasm, and perseverance have set an excellent example for others, and we look forward to celebrating even more successes throughout the year.

Congratulations to all of our Humanities Heroes. We are proud of everything you have accomplished and thank you for being such positive role models within the Humanities department.
