

Penwortham Priory Post

From Primary to Priory at Open Evening

Our doors opened last Tuesday evening to around 450 families as they began their search for a secondary school for their children.

Our Principal, Mr Eastham, was the first to greet our visitors at the door and Prefects stood by ready to guide them around the school with a personal tour. Pupils from all year groups were posed in departments ready to share their experiences of Priory. Year 7 pupils chatted with former primary school peers who were keen to hear all about their first month at their new school - showing such confidence that many parents were fathomed they had only been with us a few weeks!

Interactive activities were set up across the school for children to enjoy whilst parents questioned teachers and pupils. Showcase explosions and a cow's heart and lung dissection in Science, puzzles in Maths (whilst trying not to gobble too many mini gems!), French statues coming to life in Languages, trampolining, darts and badminton in PE, a reading cafe in English and so much more. The ICT & Computer Science department took the opportunity to show off their gadgets - robots and 3D printers amongst them whilst, in Drama, hair and make up, costumes and lighting demonstrations took centre stage.

Meanwhile, the Humanities department was a hub of activity where Mr Momoniat's OS map folding was matched with Mr Metcalfe's 'guess where in the world the food comes from', before picking up a bag of freshly popped popcorn from the Duke of Edinburgh pupils.

Visitors were 'drawn' to the Technology department with pupils' artwork and the

smell of cookery from the Food room, before our young guests made keyrings which they coloured and then assembled laser-cut Perspex letters spelling out their name - the perfect keepsake of the evening.

All this activity was bound to work up a thirst so a hot cuppa was on offer, with a friendly smile, at the Priory Pod - our outdoor hub serving drinks and food for those on the go. Meanwhile, in the Bistro, our Catering team offered scrumptious samples and demonstrated our kiosk ordering system.

Once again, we invited our Leavers back to help out - and Class of 2026 did an amazing job! Our Year 11 Leavers are perfectly placed to offer a personal testimonial about their time at Priory and their enthusiasm and positivity made them some of our best ambassadors.

The event was a great success but we couldn't do it without the support of our pupil volunteers. We've received many compliments from prospective families who named and thanked individuals for their maturity, manners and guidance during their visit. You were an absolute credit, pleasant, engaging and confident. Parents - you should be proud!

Mr Eastham thanked everyone for their efforts on the night, but also recognised the hard work beforehand that goes into making these events such a success. We hope the event inspired our visitors and we look forward to meeting them again should they choose Priory as their first choice school.

Learn to succeed

We asked our visiting families what three words they would use to sum up their experience of Priory...

Helpful Surprising Fantastic
 Fun Professional Friendly
 Friendly, inviting, positive
 Very pleasantly surprised.
 Organised. Focused. Mission-orientated.
 Pride, Incredible and Confident
 Respectful, Warming and Welcoming
 Inviting, engaging and informative.

And others said:

We could have stayed for hours! All departments were engaging and the pupil helpers were fabulous!

What a friendly bunch of teachers and young people! We were shown around by Noah in Y11. We loved him!! He was super efficient, honest, kind and funny. He was a great asset and advert for your school!

I hope that you would be able to pass on a thank you from my family to your Year 11 Prefect, Ruth. She represented your school superbly. Ruth was very polite, kind, welcoming and gave us lots of information and a wonderful insight into your school. Ruth was a great role model for our daughter, and it was so lovely to meet her.

The support on the night from the pupils was great. They engaged well with the parents answered all question and made it feel welcoming for our child. Eli in the maths room was fantastic!

The speech was very clear, concise and well structured. It addressed all the potential issues and questions that we had about the school and the environment. Pupils and teachers were happy and friendly and very willing to chat. The school was neat and well presented.

Year 7 Science Club: From Nuclear Waste to Troll Hairstyles!

The Year 7 Science Club has been busy exploring science in exciting and creative ways!

Running every Tuesday after school, the club gives pupils the opportunity to put their scientific knowledge and practical skills to the test through a range of fun challenges and experiments.

So far, the pupils have tackled a particularly challenging mission: safely transporting 'nuclear waste' into new containers so that it could be stored securely deep below the Earth. Working together, they had to think carefully about how they could complete the task safely and successfully, putting their problem-solving and teamwork skills to the test.

This week, the focus shifted to a skill that pupils are currently learning about in their science lessons: chromatography. Chromatography is a technique that can be used to separate the different dyes that make up a mixture.

Assistant Head of Science, Mrs Potter, explained further, "The pupils put their classroom learning into practice by testing a range of different coloured pens. They investigated which dyes were present in each pen and explored which inks spread out the most during the experiment. It was a great opportunity to see how the science they have been learning in lessons can be applied to a practical investigation."

But the science didn't stop there! After discovering which inks and dyes produced the most interesting results, the pupils used their findings to create a variety of colourful hairstyles for their trolls. Their creative designs provided a fun way to demonstrate what they had discovered during their chromatography investigations.

Parents Evenings Year 7

Don't forget
parents'
evening!

Year 7 parents are invited into school to meet their child's form tutor.

In School - Monday, 5 October

Appointments are booked through the web-based system 'school cloud'. This can be accessed by following the link below.

This evening will be a short (approx. 5 minutes) meeting with your child's form tutor to check how they have settled into life at Priory and is an opportunity for parents to ask any questions they may have. Each teacher will have provided the pupil's form tutor with a settle factor grade for their individual subject which will form part of the discussion.

A letter has been emailed to parents and a printed copy has been given to Year 7 to take home which includes instructions on how to book appointments. A copy can also be downloaded from the school website at www.priory.lancs.sch.uk/parents/letters.

The booking process is simple however there is a tutorial video for parents to watch, if needed.

**The link for parents to book
their slot is now open.**

[https://penworthampriory.
schoolcloud.co.uk/](https://penworthampriory.schoolcloud.co.uk/)

**BOOK
NOW**

To enable teachers to meet with as many parents/carers as possible, the appointment slot will be five minutes long. Please note that the teacher will need to be strict in keeping with their time slot in order to facilitate all parents.

If you would like to speak to any other member of staff following this meeting, please feel free to contact them direct. A full email list can be found by visiting the link at www.priory.lancs.sch.uk/parents/staff-contact-list

Pupils Share Views at Clinic with Local Parliament Visitors

On Friday, 18 September we welcomed South Ribble Youth Parliament representative, Freddie Burnett-Cherry and Lancashire County Council's Cabinet Member for Education & Skills, Cllr Matthew Salter for a special visit focused on listening to the views and experiences of young people.

During their visit, Freddie and Cllr Salter toured the school and spent time meeting with young people to learn more about the issues that matter most to them.

This visit gave pupils a valuable opportunity to take part in a pupil voice clinic modelled on the constituency advice surgeries often held by elected representatives. The session enabled young people to raise issues that matter to them, share suggestions for improving school and community life, and experience how concerns can be presented to those in positions of influence.

Pupils engaged confidently in discussions on a range of topics affecting young people today. They asked thoughtful questions, expressed their views with maturity, and gained insight into how local government and youth representation work together to support communities. One pupil who wishes to go into a political career received careers advice.

The clinic helped pupils develop their understanding of democracy, representation and civic responsibility. It reinforced the importance of respectful dialogue and showed pupils that their ideas and experiences can contribute to meaningful conversations about positive change in their local area.

Personal Development Lead, Ms Smith said, "We would like to again thank Freddie and Cllr Salter for taking the time to visit Priory and for providing our pupils with the opportunity to have their concerns and opinions heard."

Cllr Salter continued, "It was wonderful to see the facilities at the Priory from the brand new Astroturf to the welcoming learning spaces and it was great to hear about the different clubs and all the ways the young people are developing their abilities, and helping to make the Priory a fantastic school. I really valued speaking to pupils, hearing from them, and I hope I was able to help those who had questions for me. Well done to all the teachers and pupils at the Priory".

Freddie added: "The students were incredibly welcoming, knowledgeable, and the personal development standards at the school were of an incredible standard and are sure to have a very positive long-term effect on the students".

We look forward to hearing more about Freddie's work later this term and seeing the positive impact that young people's voices can have across South Ribble.

Bright Books and Quiet Moments at the Book Fair

The Scholastic Book Fair returned to Priory just over a week ago, bringing with it a vibrant display of books and stationery for all interests.

When we visited, it was pleasing to see many pupils quietly chatting, browsing titles, reading, and even playing chess and other board games - a calm and engaging atmosphere that reflects the heart of what our library is all about.

A few pupils were spotted buying books, and it was great to see them exploring new reads and taking an interest in the selection. From gripping fiction to colourful non-fiction and plenty of stationery to tempt, the fair offered something for everyone alongside the opportunity for pupils to loan books from the library itself.

A huge thank you to our keen readers and generous parents for their support of the Book Fair. Your purchases meant that we earned enough credit to allow us to help ourselves to Scholastic books for the school library!

We'd also like to take this opportunity to thank all the families who have donated books to the school in the past. Your generosity helps us keep our library well-stocked and welcoming, and contributes to our ongoing mission to engage pupils in the love of reading.

The fair will return next Autumn, when we will once again be shining a spotlight.

If you have any enquiries about book donations, please email English teacher and Chief Librarian, Mrs Elliott at j.elliott@priory.lancs.sch.uk.

Year 10 History Trip

Thackray Medical Museum

16th / 24th November

As part of the GCSE History course, Year 10 GCSE History pupils will soon begin studying their third unit: *Britain: Health and the People*. To support students in their understanding of this topic, we are organising a visit to the Thackray Museum of Medicine in Leeds.

The museum provides an excellent opportunity for students to engage with the subject beyond the classroom. The visit aligns directly with the GCSE specification, offering a visual and interactive insight into key themes that will be assessed in their final exam. As such, attendance on this trip is compulsory for all Year 10 GCSE History pupils.

The cost of the trip is £26 per student, which includes travel, museum entry, and a medieval surgery workshop designed to bring the topic to life. Pupils will attend the trip on one of two dates.

There are places allocated for every Year 10 GCSE History pupil. Please make the required payment via the school's online payment system, SCOPay, where you will also be required to provide parental consent. The closing date for payment is 1 November.

If you have any questions about this trip, please contact Mrs Cauchi via email at m.cauchi@priory.lancs.sch.uk. A copy of the letter has been issued to parents and pupils and can also be downloaded from the school website at www.priory.lancs.sch.uk/parents/letters

Mayor Makes Surprise Visit to Priory's Award-Winning Gardens

Priory's award-winning gardens welcomed a number of special visitors last week as Penwortham in Bloom committee members and competition winners were invited to enjoy an Open Gardens event hosted by the school.

Guests were given a tour of the beautiful grounds by Priory's gardener Mr Farron, whose hard work and dedication has already earned widespread recognition. At the end of the summer term, Mr Farron was awarded Penwortham in Bloom's Gold Award for School Gardens, Best in Class for School Gardens and the prestigious Winner of Winners title.

The occasion included an unexpected surprise for Mr Farron when the Mayor of Penwortham, Cllr Tracey Flannery, arrived to congratulate him in person.

The visit provided a fitting celebration of Mr Farron's remarkable achievement and the positive impact the gardens have on the school community, with guests praising the stunning displays and the care and commitment that have gone into creating them.
