

## Information For Employers

Students have opportunities to learn through encounters with employers in school and during visits to different work places in the Manchester area.

In the Post 16 Department students have a variety of internal work experience opportunities, such as working in the Post 16 Café, running the Post 16 Tuck Shop and organising celebrations and parties for students and their families. Some of the more independent students at Post 16 have external work experience placements. Work place visits and work experience are an essential part of our careers offer and enables students to increase their independence and employability skills. Please see the drop down menu for further details of activities linked to careers education, work place visits and work experience.

At Piper Hill Special School we welcome the opportunity to work with local employers to extend and enhance the careers offer for all our students. We would love to hear from any employers who would like to help support us in our careers programme with activities such as interview skills and practise, careers talks, work place visits and work experience.

If any employers have any feedback about our careers activities or would like to discuss working with Piper Hill Special School please contact:

### Feedback From Employers

- Isabella and Sophie have been an absolute credit to Piper Hill and we'll be looking forward to continue working with you in the next school year.

***Learning Mentor The Dressing Room Café, The Edge Theatre***

---

- Great working with you and your learners today, they really were a pleasure to support.

**Employment Coaches**  
**Wythenshawe Community Housing Group**

- 
- Just wanted to let you know we had a fab day with the children yesterday building the giant tetrahedron. The teachers enjoyed themselves as well. All in all it was a great success.

**Liaison Manager GallifordTry**
