

Piper Hill
HIGH SCHOOL

Secondary Outreach Service

Who are we?

Piper Hill is a Specialist Support school based in Wythenshawe. We support students with a range of significant learning difficulties, including students with severe learning difficulties (SLD), profound and multiple learning difficulties (PMLD), Autism, complex and challenging behaviours and complex medical conditions. Our students are working from P1 through to NC Level 3. All of our students have an EHC plan.

The school has received a judgement of outstanding following each of our last four OFSTED inspections in 2004, 2007, 2013, and 2018.

What can we offer?

The aim of our outreach service is to provide advice and support to our partner secondary schools in south Manchester in meeting the needs of students with significant learning difficulties and ensuring those students' inclusion in their schools.

We can deliver a range of bespoke training and support opportunities for schools, working on agreed areas of need. Although this provision is time limited, there are generally no costs at the point of delivery for schools accessing our core offer. All work will be clearly targeted and set against agreed outcomes.

The Core Offer includes:

- **SEN Teaching and Learning reviews: including collaborative learning walks, work scrutiny, interviews with relevant staff, action planning**
- **Inclusive Learning Programme: including effective work with TAs, differentiation, assessment, promoting positive behaviour (can be delivered as a bespoke programme or a series of workshops, as schools require)**
- **Behaviour and de-escalation workshops,**
- **Support and networking for partner mainstream SENCOs**
- **Striving for Excellence Course for TAs working with students with SEND.**
- **Autism in the classroom training/ workshops**
- **ADHD In the classroom training/ workshops**
- **Curriculum workshops: PSHE, English, Maths**
- **EHCPS—support with Education Healthcare planning**

Further information on our role as a teaching school is available on our website.
