

Mathematics - Play on Hit the Button (<https://www.topmarks.co.uk/maths-games/hit-the-button>) and practise the times tables you are learning in class (Blue group – 2x, Orange and Purple group 5x and Green group 3x)

Write the highest score you achieved below.

Score _____

If you cannot access the internet, make a poster to help you learn your times tables.

Reading – Read your favourite book at home to someone in your house (it could be a sibling, parent or even a pet!). Choosing your favourite character, write a description of this character using adjectives (describing words) to describe what they are like and what they look like.

Mathematics – How many ways can you find to make £1 using different coins?
E.g $50p + 20p + 20p + 10p = £1$

Spellings – Using this weeks spellings, write a sentence using each spelling. Can you use a conjunction (but, because, and, so) in one of your sentences?

English – Can you classify the words into the two groups? (see worksheet)
Remember, nouns are naming words and verbs are actions.

Challenge: Can you add 3 of your own words to each group?

This half term we are focusing on key skills in Year 3 for our homework. One piece of homework must be completed each week. Homework books are to be handed in by **Friday** each week. Please feel free to email me any questions on my email below.
