<u>Science</u>

During the Autumn term, we will be learning all about Space. We will look at the Earth, Moon, Sun and significant people who have been involved in a variety of work. Create a fun piece of work, however you wish, representing something in our Solar System. This could be a poster, model or fact-file.

<u>English</u>

It is our first year together and I would like to know all about you. Using your own design method, I would like you to create an all about me information sheet. Tell me what you enjoy, your favourite lessons in school, your favourite food and hobbies. I can't wait to read them all.

<u>Spelling</u>

Spellings are given weekly. Please continue to learn these every night ready for our spelling test on a Friday morning. You could use a look, cover, write method to learn these. Write them in a nonsense paragraph using all of the words or make up a song to help you remember them.

Diamond Class

Autumn Term 1 Homework Grid

Please complete one of these tasks each week in your book or email it to me ©

gyeulett@poolhouse.lancs.sch.uk

Reading Skills

Using the photo in your books, I want you to use your inference skills to tell me what you think will happen next. The superheroes look exhausted. Predict the next part of the story.

Mathematics

Complete the column addition sheet. Talk about place value and make sure you know the value of each digit in the question.

<u>Times Tables</u>

Using Laugh Along and Learn on YouTube, sing the times table songs you are unsure of and then test your knowledge using the mixed games over on Top Marks. Play Hit the Button to challenge your skills.
