Draw a map of the inside of our school from a birds eye view. Use a ruler to draw each of the walls and doors and clearly label each room of the school.

Imagine you are the creator of ordnance survey maps! Design and label your own symbols and justify your ideas.

Draw and label a map of somewhere you have visited on your holidays.

Complete at least one maths activity on the Active learn website.

Map Skills

Design your own compass and clearly label it with the eight compass points.

Research five ordnance survey symbols and draw them into your book. Clearly label what each of these symbols mean.

Create a treasure map using the paper provided. Clearly label any traps, creatures and the actual treasure in each quadrant.

Write an adventure story in which a map is a key element. Make your story exciting.

At least 6 of these must be completed by half term.
